Official Notice

Notice of change of name of the Patents Office

With effect from 2 December 2019, the Patents Office will be changing its name to the “**Intellectual Property Office of Ireland**” (IPOI). The title of the Controller of Patents Designs and Trade Marks will also change to the “**Controller of Intellectual Property**”.

The new name aims to clarify and better reflect the role of the IPOI in managing a range of intellectual property rights including registered trade marks and designs, patents and supplementary protection certificates as well as certain statutory functions under the Copyright Act. The new name is also in line with those of many similar agencies and offices abroad, making it easier for people to identify the statutory office in Ireland which has responsibility for the management and registration of intellectual property rights.

The change only concerns the name and does not impact on the role of the Office or how it operates. The change will not affect registered trademarks, design or patent rights. Neither will the change affect applications for intellectual property rights in Ireland or the application process.

As the “Patents Office” and the “Controller” are referred to by name in a number of pieces of legislation, provision has been made in Section 42 of the Copyright and Other Intellectual Property Law Provisions Act 2019, to amend the Patents Act in order to give legal effect to the changes.

The Office’s domain will change to www.ipoi.gov.ie and the Office’s e-mail addresses change to firstname.surname@ipoi.gov.ie on the date of the change. The general email address for correspondence will also change from patlib@patentsoffice.ie to ipinfo@ipoi.gov.ie

The existing address www.patentsoffice.ie and email addresses name@patentsoffice.ie will automatically redirect to the new domain name and email address.

The Office’s address and telephone numbers remain unchanged.

Applications for Patents From 10/10/2019 to 24/10/2019

The names of applicants are in alphabetical order. In the case of joint applicants, each name is given independently. The title of the invention should not be regarded as an exhaustive indication of the subject-matter. The date immediately following the title is that on which the application was filed; in the case of a divisional application, the filing date of the earlier application is added within parentheses. In the case of a Convention application the Convention country and priority date(s) claimed are given in square brackets and where an application claimed the priority of an earlier application filed at the office, this information is given within the square brackets. The number is that of the application and should be used for correspondence purposes up to the date of grant of a patent. The letter S preceding the number indicates that the application is for a short-term patent. A new number will be given when a patent is granted and this new number should be quoted in all correspondence subsequent to grant.

Patents Granted Under Section 34

The number of a patent is given in heavy type; the letter S preceding the number indicates a short-term patent. The code numbers following the title of each invention are those of the International Patent Classification. The date of filing the application follows the proprietor's name. The patent application number, which follows the date of application in parenthesis, has been superseded by the patent number. In the case of an application claiming the priority of an earlier application, the name of the country where the earlier application was made and the date of the earlier application are shown in square brackets.

By virtue of Section 65(3), the application relating to any short-term patent appearing in the following list whose date of filing is later than the date which is 18 months prior to the date of this issue of the Journal becomes open to public inspection as and from the date of this issue of the Journal.

Official Notice

Notice of change of name of the Patents Office

With effect from 2 December 2019, the Patents Office will be changing its name to the “**Intellectual Property Office of Ireland**” (IPOI). The title of the Controller of Patents Designs and Trade Marks will also change to the “**Controller of Intellectual Property**”.

The new name aims to clarify and better reflect the role of the IPOI in managing a range of intellectual property rights including registered trade marks and designs, patents and supplementary protection certificates as well as certain statutory functions under the Copyright Act. The new name is also in line with those of many similar agencies and offices abroad, making it easier for people to identify the statutory office in Ireland which has responsibility for the management and registration of intellectual property rights.

The change only concerns the name and does not impact on the role of the Office or how it operates. The change will not affect registered trademarks, design or patent rights. Neither will the change affect applications for intellectual property rights in Ireland or the application process.

As the “Patents Office” and the “Controller” are referred to by name in a number of pieces of legislation, provision has been made in Section 42 of the Copyright and Other Intellectual Property Law Provisions Act 2019, to amend the Patents Act in order to give legal effect to the changes.

The Office’s domain will change to www.ipoi.gov.ie and the Office’s e-mail addresses change to firstname.surname@ipoi.gov.ie on the date of the change. The general email address for correspondence will also change from patlib@patentsoffice.ie to ipinfo@ipoi.gov.ie

The existing address www.patentsoffice.ie and email addresses name@patentsoffice.ie will automatically redirect to the new domain name and email address.

The Office’s address and telephone numbers remain unchanged.
