Register of Patent Agents Examination in Law & Practice of Patents

In light of recent public health advice regarding Covid-19, a decision has been made to defer the Law & Practice of Trade Marks examination scheduled for 21st April and the Law & Practice of Patents examination scheduled for 22nd April.

It is proposed to re-schedule the examinations in the Autumn. The new examination dates will be advertised along with the deadline for receipt of applications in due course.

Applications for Patents

From 09/04/2020 to 22/04/2020

The names of applicants are in alphabetical order. In the case of joint applicants, each name is given independently. The title of the invention should not be regarded as an exhaustive indication of the subject-matter. The date immediately following the title is that on which the application was filed; in the case of a divisional application, the filing date of the earlier application is added within parentheses. In the case of a Convention application the Convention country and priority date(s) claimed are given in square brackets and where an application claimed the priority of an earlier application filed at the office, this information is given within the square brackets. The number is that of the application and should be used for correspondence purposes up to the date of grant of a patent. The letter S preceding the number indicates that the application is for a short-term patent. A new number will be given when a patent is granted and this new number should be quoted in all correspondence subsequent to grant.
