Ending of period of “excluded days”

Patents Rules 1992 - Rule 77 and Rule 78

Trade Mark Rules 1996 – Rule 70.

Industrial Design Regulations 2002 – Regulation 50.

As a consequence of the COVID 19 pandemic, the Controller of Intellectual Property had deemed the days between 13 March and 2 June 2020 as “excluded days” for all purposes under the Acts and Rules. The period of “excluded days” ended on 2 June.

All users, rights holders, businesses and IP professionals are therefore asked to continue working to existing deadlines and payment due dates and to ensure that any matters with deadlines which were left in abeyance during the “excluded days” period are attended to immediately. The Intellectual Property Office of Ireland (IPOI) will extend time periods where the legislation allows and where the Controller has discretionary powers, he will consider requests for extensions of time as favourably as possible, on a case-by-case basis.

The IPOI premises will continue to remain closed to the public and to personal callers until further notice. IPOI staff working remotely will continue to maintain its online and e-services, including e-filing of applications, electronic fee payments and will deal with email enquiries during normal working hours. Clients and customers are asked to use our online e-filing and payment services, to communicate with us by email whenever possible and to note that there may be delays in dealing with and responding to postal communications. Applications for Patents

From 05/06/2020 to 18/06/2020

The names of applicants are in alphabetical order. In the case of joint applicants, each name is given independently. The title of the invention should not be regarded as an exhaustive indication of the subject-matter. The date immediately following the title is that on which the application was filed; in the case of a divisional application, the filing date of the earlier application is added within parentheses. In the case of a Convention application the Convention country and priority date(s) claimed are given in square brackets and where an application claimed the priority of an earlier application filed at the office, this information is given within the square brackets. The number is that of the application and should be used for correspondence purposes up to the date of grant of a patent. The letter S preceding the number indicates that the application is for a short-term patent. A new number will be given when a patent is granted and this new number should be quoted in all correspondence subsequent to grant.
