In this Part of the Journal, a reference to a section is to a section of the Patents Act, 1992 unless otherwise stated.

Official Notice

Patent Rules 1992 – Rule 77, – Office Closure

Due to the COVID 19 pandemic, the Intellectual Property office of Ireland (IPOI) is closed to the public and to personal callers until further notice. Clients and customers are asked to continue to use our online e-filing and payment services, and to continue to communicate with us by email whenever possible.

While the Office remains unable to facilitate personal callers to its premises until further notice, telephone enquiries are being accepted on 00- 353- 56 7720111 between 9.30 a.m. and 4 p.m. Monday to Friday.

Notice of termination of IPOI mail facility at Earlsfort Terrace, Dublin 2

The facility for the receipt of mail from patent and trade mark agents at Earlsfort Terrace, Dublin 2, which has not been available since March 2020, has been terminated with immediate effect.

All future communications should be either emailed to ipinfo@ipoi.gov.ie or posted directly to the IPOI, Government Buildings, Hebron Road, Kilkenny R95 H4XC

Register of Patent Agents

Examination in the Law and Practice of Patents

Due to continuing COVID 19 restrictions, it is proposed to hold an online e-examination in the law and practice of Patents on **27 May, 2021**. The latest date for receipt of applications from persons who wish to sit this examination is **23 April, 2021**.

Candidates wishing to be examined must have submitted in advance to the Controller an

application form and fee of €200 not later than **23 April, 2021**. Candidates who have already applied to sit the postponed 2020 exam are asked to confirm their intention to sit the 2021 e-examination by 23 April.

The e-examination will be in the same format and same duration (3 hours) as in previous years but will be completed on a computer or laptop rather than on paper. Past papers are available on the IPOI website.

The e-examination will be delivered through a software application called TestReach. The software will enable candidates to sit the examination at home or in the office and be supervised online. This means that there is no need to travel to a test centre.

Candidates can sit the e-examination using a computer desktop or laptop and enter the answers to questions on screen. An online supervisor will connect to candidates using audio, video and remote screenshare, and will be there to support candidates through the examination and make sure the exam is conducted with integrity.

To sit the remotely invigilated exam, candidates will need a standard desktop or laptop with a webcam, a microphone and good quality internet connectivity. Candidates cannot sit the exam on a mobile phone, tablet or Chromebook. Minimum system requirements for remotely invigilated exams are:

- A laptop or computer running Windows 7+ or macOS 10.10+
- Intel Core i3 (or equivalent) and 4GB RAM
- A working webcam, microphone and speakers.
- Good continuous internet speed of 516kbps or higher
- We also recommend a screen size of at least 13" and a resolution of 1024 x 768.

More information about TestReach is available at this link:

<https://www.testreach.com/candidate-support-frequently-asked-questions.html>

All candidates who have applied and confirmed their interest in sitting the 2021 e-examination will be furnished with other relevant information in due course.

Ideas Powered for Business SME Fund

The Ideas Powered for Business SME Fund is a €20 million grant scheme created to help European small and medium-sized enterprises (SMEs) develop their IP strategies and protect their IP rights, at national, regional or EU level. The scheme is operated by the EUIPO in conjunction with the national IP Offices. A scheme (Service 2) which provides for the reimbursement of 50% off the basic application fees of national, regional and EU trade marks and designs is already in operation.

The Intellectual Property Office of Ireland (IPOI) is now seeking expressions of interest from professional IP experts and attorneys who can provide an intellectual property (IP) pre-diagnostic service (Service 1) to small or medium-sized enterprises (SMEs) in Ireland. The IPOI is anxious for Irish SMEs to be able to avail of this scheme by summer 2021. The pre-diagnostic service or IP scan is aimed at providing a practical, objective and factual analysis of an SMEs business model, products and/or services and growth plans to help achieve a better understanding of the value of intellectual property for a business and, in particular, to identify the intellectual assets they hold and the possible IP protection options for those assets. It should also assist in shaping and planning an enterprises IP business strategy now - and in the future.

The scheme is co-financed by the European Commission (under the EU programme for the Competitiveness of Enterprises and Small and Medium-sized Enterprises) and the European Union Intellectual Property Office (EUIPO) under the SME Fund initiative. An SME will be able to claim 75% of the fees paid by them to an IPOI approved expert for the pre-diagnosis IP Scan service. Each SME can be reimbursed up to a maximum total of €1,500 for either Service 1 or Service 2 or a combination of both services

The role of the IPOI will be to coordinate the provision of the IP Scan Service (Service 1) as well as confirming its completion for reimbursement purposes. The service will be provided by an IP pre-diagnostic expert (allocated by the IPOI). The expert will provide a report outlining its findings on the SMEs' IP rights and proposing recommendations for the future management of the IP rights owned by the SME. The IPOI is required to approve and sign off on the report which will be used by the SME to prove that the service was provided, when requesting reimbursement of the payment made to the expert. As the sponsoring body for this initiative, the EUIPO requires that experts intending to participate in the scheme would first attend an online training event organised by them. Further information on this will be supplied in advance.

Further information on the overall scheme can be accessed via this link:

<https://euiipo.europa.eu/ohimportal/en/help-sme-fund>

Please send expressions of interest to: ipinfo@ipoi.gov.ie by 15 April 2021. Please include relevant information concerning your expertise in providing this kind of service and what fee (rate per hour and per day inclusive and exclusive of VAT) you will charge for the service. Enquiries or requests for further information should be sent to : ipinfo@ipoi.gov.ie with "SME Fund" in the subject line.

Applications for Patents

From 26/02/2021 to 11/03/2021

The names of applicants are in alphabetical order. In the case of joint applicants, each name is given independently. The title of the invention should not be regarded as an exhaustive indication of the subject-matter. The date immediately following the title is that on which the application was filed; in the case of a divisional application, the filing date of the earlier application is added within parentheses. In the case of a Convention application the Convention country and priority date(s) claimed are given in square brackets and where an application claimed the priority of an earlier application filed at the office, this information is given within the square brackets. The number is that of the application and should be used for correspondence purposes up to the date of grant of a patent. The letter S preceding the number indicates that the application is for a short-term patent. A new number will be given when a patent is granted and this new number should be quoted in all correspondence subsequent to grant.

BYRNE, STEVE Clothing Storage and Display System 10 March 2021	S20210049
CHESHIRE MOULDINGS & WOODTURNINGS LIMITED Spindle engaging apparatus and method 11 March 2021 [United Kingdom-11 March 2020]	20210051
DAVID HARVEY NUNRG REFORMERS LTD This invention is to provide our planet with unlimited energy security by considerably improving the energy density of fossil fuels, that may be derived from heavy water to generate HDO, Hydrogen Deuterium Oxide that slowly accumulate by the process of water electrolysis and it is then extracted from the heavy water within the evolved gases. This novel solution when demonstrated may operate a spar 03 March 2021 [Ireland-03 March 2021]	20210045

XI'AN AOLANPATE TECHNOLOGY CO., LTD.; BEIJING INSTITUTE OF TECHNOLOGY Data-driven and machine-learning model for thermal conductivity regulation and analysis of graphene composites 25 February 2021	S20210042

Applications Published Under Section 28

The following applications become open to public inspection as from the date of this issue of the journal. The date given is the date of filing of the application or the earliest priority claimed.

2018	S20180214	AGNES EFEMUAI, Multi-layered disposable gloves with separable layers. 11 July 2018. Int. Cl. (2020.01) A41D 19/00 .
2020	S20200007	ABBIEY HEHIR; REBECCA MURPHY; RYELY CANTRELL Slurry pit saver. 08 January 2020. Int. Cl. (2020.01) E02D 17/00; G08B 21/00 .
	S20200238	DAVID HALTON Universal Scraper. 23 October 2020. Int. Cl. (2020.01) A01K 1/00; B08B 1/00 .

Patents Granted Under Section 34

The number of a patent is given in heavy type; the letter S preceding the number indicates a short-term patent. The code numbers following the title of each invention are those of the International Patent Classification. The date of filing the application follows the proprietor's name. The patent application number, which follows the date of application in parenthesis, has been superseded by the patent number. In the case of an application claiming the priority of an earlier application, the name of the country where the earlier application was made and the date of the earlier application are shown in square brackets.

By virtue of Section 65(3), the application relating to any short-term patent appearing in the following list whose date of filing is later than the date which is 18 months prior to the date of this issue of the Journal becomes open to public inspection as and from the date of this issue of the Journal.

- 87215** A wave-lock marine energy converter. Int. Cl. (2020.01) **F03B 13/00; E02B 9/00**. BRIAN WALL 09 July 2018 (20180213)
- S87216** Slurry pit saver. Int. Cl. (2020.01) **E02D 17/00; G08B 21/00**. ABBEY HEHIR; REBECCA MURPHY; RYELY CANTRELL 08 January 2020 (S20200007)
- S87217** Universal Scraper. Int. Cl. (2020.01) **A01K 1/00; B08B 1/00**. DAVID HALTON 23 October 2020 (S20200238)
- S87218** Manual lever and floating hanger mechanism for changing and adjusting brooms in sweeping machines. Int. Cl. (2020.01) **E01H 1/00; A46B 13/00; A46B 17/00**. WILLIAM J O'FLYNN 31 May 2019 (S20190082)
- 87219** Removal of meat from a beef carcass. Int. Cl. (2020.01) **A22C 17/00; A22B 5/00**. DEVRONE UNLIMITED COMPANY 09 October 2015 (20150369)
- S87220** Multi-layered disposable gloves with separable layers. Int. Cl. (2020.01) **A41D 19/00**. AGNES EFEMUAI 11 July 2018 (S20180214)
-

Patents Granted Under European Patent Convention Designating Ireland

The Irish serial number appears first followed, respectively, by the proprietor's name, the date of filing of the application, the filing number and the European Patent Office publication number.

If the specification of the European patent was published in French or German the word 'French' or 'German', as appropriate, will appear as the last item of information.

Deemed to have been Withdrawn - Section 23(9)

20200029	Process and system for the recycling of composite, mixed and pure waste plastics. FRANK RIEDEWALD
S20200031	A suturing device. PALLIARE LIMITED

Refused - Section 31(1)

20200064	Int. Cl. (2020.01) B62D 53/00; B62D 12/00; B62D 7/00 . Frame steered vehicle. EANNA PRONSIAS TIMONEY
S20200207	Int. Cl. (2020.01) H02K 5/00 . Diameter stator iron core hanging-in type motor structure. SHANGHAI SHANGLI EXPLOSION-PROOF MOTOR GROUP CO. LTD

Withdrawn – Section 33(1)

S20200049	A Pharmacy Prescription Processing System. DAIRE SCANLON
20210039	Walker mini griddle. CATHERINE O'CONNELL

Patents Lapsed Through Non-Payment of Renewal Fees

Please note that due to the high volume of lapsed patents (mostly European Patents designating the State which are not subsequently validated), details of these patents are no longer included in the printed version of the Journal. Instead, they are available to view on the online version of the journal at <https://www.ipoi.gov.ie/en/ip-search-tools/search-the-journal/>

Patents Expired

82253	Int. Cl. (2020.01) G01N 33/38; G01R 27/16 . A moisture meter with impedance and relative humidity measurements. RYNHART RESEARCH LIMITED
83771	Int. Cl. (2020.01) G06F 12/00 . System and method for managing storage resources in a clustered computing environment. DELL PRODUCTS L.P.
83788	Int. Cl. (2020.01) E04D 3/00 . Variable roof glazing system for glazing ridge sections and flashing members. HANNAH S. ALLPORT; BRIAN C. ALLPORT; PHILLIP B. ALLPORT; SUSAN M. ALLPORT; MARK C. ALLPORT
84046	Int. Cl. (2020.01) G06F 9/46 . System and method for managing storage resources in a clustered computing environment. DELL PRODUCTS LP
84170	Int. Cl. (2020.01) G06F 15/16; G06F 9/46 . System and method for managing storage resources in clustered computing environment. DELL PRODUCTS LP
S85914	Int. Cl. (2020.01) C07C 45/00; C07C 49/00 . Process for producing 6-(5-ethoxy-hept-1-yl)bicyclo[3.3.0]octan-3-one. BCS BUSINESS CONSULTING SERVICES PTE LTD
S86081	Int. Cl. (2020.01) E03F 7/00 . Apparatus to prevent the free movement of rats inside sewer/drainage pipes.. DECLAN MELIA; ANN MELIA
1119071	Coupling device on a window pane with electrical fonctions. SAINT-GOBAIN GLASS FRANCE
1122244	Uracil compounds and their use. Sumitomo Chemical Company, Limited
1125773	Anti-theft device. Maypole Limited
1125895	Process and device for scale prevention in water systems. HYDROTEC Gesellschaft für ökologische Verfahrenstechnik mbH
1127551	Inert gas enhanced electrosurgical apparatus. Covidien AG
1127811	Receptacle with reduced noise of the lid during its closing movement. Plastic Omnium Systèmes Urbains
1127969	Textile substrate. Climatex AG
1128350	Parking place management method. FLOWBIRD
1130162	Concrete-free sleeper. PCM RAIL.ONE AG
1134042	Process for the removal of pollutants from the soil. Terreco B.V.
1177359	LOCK. Banham Patent Locks Limited

Journal of the Intellectual Property Office of Ireland

Cuid II

Trádmharcanna

No. 2434**Wednesday, 31 March, 2021**

NOTE: *The office does not guarantee the accuracy of its publications nor undertake any responsibility for errors or omissions or their consequences.*

In this Part of the Journal, unless the context otherwise requires, a reference to the 1963 Act means the Trade Marks Act, 1963, a reference to the 1963 Rules means the Trade Marks Rules, 1963, a reference to the 1996 Act means the Trade Marks Act, 1996 and a reference to the 1996 Rules means the Trade Marks Rules, 1996.

Official Notice

Patent Rules 1992 – Rule 77, – Office Closure

Due to the COVID 19 pandemic, the Intellectual Property office of Ireland (IPOI) is closed to the public and to personal callers until further notice. Clients and customers are asked to continue to use our online e-filing and payment services, and to continue to communicate with us by email whenever possible.

While the Office remains unable to facilitate personal callers to its premises until further notice, telephone enquiries are being accepted on 00- 353- 56 7720111 between 9.30 a.m. and 4 p.m. Monday to Friday.

Notice of termination of IPOI mail facility at Earlsfort Terrace, Dublin 2

The facility for the receipt of mail from patent and trade mark agents at Earlsfort Terrace, Dublin 2, which has not been available since March 2020, has been terminated with immediate effect.

All future communications should be either emailed to ipinfo@ipoi.gov.ie or posted directly to the IPOI, Government Buildings, Hebron Road, Kilkenny R95 H4XC

Register of Trade Mark Agents**Examination in the Law and Practice of Trade Marks**

Due to continuing COVID 19 restrictions, it is proposed to hold an online e-examination in the Law and Practice of Trade Marks on **25 May, 2021**. The latest date for receipt of applications from persons who wish to sit this examination is **23 April, 2021**.

Candidates wishing to be examined must have submitted in advance to the Controller an application form and fee of €200 not later than **23 April, 2021**. Candidates who have already applied to sit the postponed 2020 exam are asked to confirm their intention to sit the 2021 e-examination by 23 April.

The e-examination will be in the same format and same duration (3 hours) as in previous years but will be completed on a computer or laptop rather than on paper. Past papers are available on the IPOI website.

The e-examination will be delivered through a software application called TestReach. The software will enable candidates to sit the examination at home or in the office and be supervised online. This means that there is no need to travel to a test centre.

Candidates can sit the e-examination using a computer desktop or laptop and enter the answers to questions on screen. An online supervisor will connect to candidates using audio, video and remote screenshare, and will be there to support candidates through the examination and make sure the exam is conducted with integrity.

To sit the remotely invigilated exam, candidates will need a standard desktop or laptop with a webcam, a microphone and good quality internet connectivity. Candidates cannot sit the exam on a mobile phone, tablet or Chromebook. Minimum system requirements for remotely invigilated exams are:

- A laptop or computer running Windows 7+ or macOS 10.10+
- Intel Core i3 (or equivalent) and 4GB RAM
- A working webcam, microphone and speakers.
- Good continuous internet speed of 516kbps or higher
- We also recommend a screen size of at least 13" and a resolution of 1024 x 768.

More information about TestReach is available at this link:

<https://www.testreach.com/candidate-support-frequently-asked-questions.html>

All candidates who have applied and confirmed their interest in sitting the 2021 e-examination will be furnished with other relevant information in due course.

Ideas Powered for Business SME Fund

The Ideas Powered for Business SME Fund is a €20 million grant scheme created to help European small and medium-sized enterprises (SMEs) develop their IP strategies and protect their IP rights, at national, regional or EU level. The scheme is operated by the EUIPO in conjunction with the national IP Offices. A scheme (Service 2) which provides for the reimbursement of 50% off the basic application fees of national, regional and EU trade marks and designs is already in operation.

The Intellectual Property Office of Ireland (IPOI) is now seeking expressions of interest from professional IP experts and attorneys who can provide an intellectual property (IP) pre-diagnostic service (Service 1) to small or medium-sized enterprises (SMEs) in Ireland. The IPOI is anxious for Irish SMEs to be able to avail of this scheme by summer 2021. The pre-diagnostic service or IP scan is aimed at providing a practical, objective and factual analysis of an SMEs business model, products and/or services and growth plans to help achieve a better understanding of the value of intellectual property for a business and, in particular, to identify the intellectual assets they hold and the possible IP protection options for those assets. It should also assist in shaping and planning an enterprises IP business strategy now - and in the future.

The scheme is co-financed by the European Commission (under the EU programme for the Competitiveness of Enterprises and Small and Medium-sized Enterprises) and the European Union Intellectual Property Office (EUIPO) under the SME Fund initiative. An SME will be able to claim 75% of the fees paid by them to an IPOI approved expert for the pre-diagnosis IP Scan service. Each SME can be reimbursed up to a maximum total of €1,500 for either Service 1 or Service 2 or a combination of both services

The role of the IPOI will be to coordinate the provision of the IP Scan Service (Service 1) as well as confirming its completion for reimbursement purposes. The service will be provided by an IP pre-diagnostic expert (allocated by the IPOI). The expert will provide a report outlining its findings on the SMEs' IP rights and proposing recommendations for the future management of the IP rights owned by the SME. The IPOI is required to approve and sign off on the report which will be used by the SME to prove that the service was provided, when requesting reimbursement of the payment made to the expert. As the sponsoring body for this initiative, the EUIPO requires that experts intending to participate in the scheme would first attend an online training event organised by them. Further information on this will be supplied in advance.

Further information on the overall scheme can be accessed via this link:

<https://euipo.europa.eu/ohimportal/en/help-sme-fund>

Please send expressions of interest to: ipinfo@ipoi.gov.ie by 15 April 2021. Please include relevant information concerning your expertise in providing this kind of service and what fee (rate per hour and per day inclusive and exclusive of VAT) you will charge for the service. Enquiries or requests for further information should be sent to: ipinfo@ipoi.gov.ie with "SME Fund" in the subject line.

Application for Registration of marks published under Section 43(1) of the 1996 Act following acceptance

Notice is hereby given that Applications for the Registration of the undermentioned trade marks have been accepted.

Any person who desires to oppose the registration of these trade marks may within three months from the date of this Journal give notice to the Controller, in accordance with the provisions of Rule 18.

It should be noted that under the provisions of Rule 63(2) no extension of the opposition period is allowed for lodging opposition under Rule 18.

It is desirable before lodging formal opposition that a communication should be addressed to the Applicant affording him an opportunity to withdraw his application for registration. In this way cost of opposition proceedings may be avoided.

GINGERAFFE

264419 02 February 2021

- Class 32. Beers; mineral and aerated waters and other non-alcoholic drinks; fruit drinks and fruit juices; syrups and other preparations for making beverages.
- Class 33. Alcoholic beverages, except beer.

C&C IP UK LIMITED, c/o Matthew Clark, Whitchurch Lane, Whitchurch, Bristol, BS14 0JZ, United Kingdom. Address for service is c/o FRKelly, 27 Clyde Road, Ballsbridge, Dublin 4 D04 F838, Ireland.

EFFYDRATE

264420 03 February 2021

- Class 5. Oral rehydration salts; Rehydration preparations.

Donal Duggan, HOLYCROSS Thurles, tipperary E41A093, Ireland. Address for service is c/o Donal Duggan, HOLYCROSS Thurles, tipperary E41A093, Ireland.

The mark in use is/will be in the colour(s) BLACK AND BLUE TEXT

Charcozorb

264421 03 February 2021

- Class 5. Activated charcoal for adsorption of toxins for medical purposes.

Donal Duggan, HOLYCROSS Thurles, tipperary E41A093, Ireland. Address for service is c/o Donal Duggan, HOLYCROSS Thurles, tipperary E41A093, Ireland.

Aldi Stores (Ireland) Limited, 67-68 Fitzwilliam Square, Dublin 2, Ireland. Address for service is c/o FRKelly, 27 Clyde Road, Ballsbridge, Dublin 4 D04 F838, Ireland.

264429 17 March 2020

- Class 5. Medical diagnostic tests; diagnostic testing materials for medical use; medical diagnostic kits for testing body fluids, for medical purposes for testing the presence of medical conditions and levels of substances in the fields of infectious disease, cancer, diabetes, genetics, fertility and chronic disease surveillance and management in an integrated care model.
- Class 9. Computer software; Computer software relating to the medical field; Computer software for use in medical decision support systems; computer software for recording, analysis, storage, manipulation and organisation of medical data; mobile applications in the fields of infectious disease, cancer, diabetes, genetics, fertility and chronic disease; computer software for downloading, storing, managing, analysing, reporting, and printing medical data; computer software for providing access to multiple databases that contain aggregated results of laboratory testing in the fields of infectious disease, cancer,

diabetes, genetics, fertility and chronic disease surveillance and management; Downloadable publications; API (application programming interface) software for use in data management, data storage, data analysis, report generation, user identification, and membership identification, all in the fields of infectious disease, cancer, diabetes, genetics, fertility and chronic disease surveillance and management.

- Class 10. Medical apparatus and testing instruments for medical use; medical testing instruments for medical diagnostic and treatment purposes, including testing, monitoring, and reporting services, in the fields of infectious disease, cancer, diabetes, genetics, fertility and chronic disease surveillance and management.
- Class 41. Provision of health education services through a website, online articles, blogs, papers, guides, manuals and newsletter featuring information in the fields of infectious disease, cancer, diabetes, genetics, fertility and chronic disease surveillance and management, for education purposes; training services in the field of medical disorders and their treatment.
- Class 42. Providing temporary use of online non-downloadable scientific software in the fields of infectious disease, cancer, diabetes, genetics, fertility and chronic disease surveillance and management; scientific and technological services in the fields of infectious disease, cancer, diabetes, genetics, fertility and chronic disease surveillance and management, and research and design relating thereto; scientific laboratory

	services; scientific research in the fields of infectious disease, cancer, diabetes, genetics, fertility and chronic disease surveillance and management; providing scientific information in the field of medical disorders and their treatment; design and development of computer software for use with medical technology; providing scientific analysis and information reports based upon results of laboratory testing in the fields of infectious disease, cancer, diabetes, genetics, fertility and chronic disease surveillance and management; providing scientific research information in the fields of infectious disease, cancer, diabetes, genetics, fertility and chronic disease surveillance and management from an online searchable database; providing temporary use of online non-downloadable API (application programming interface) software for providing access to multiple databases that contain aggregated results of laboratory testing and genotyping; design and development of computer software for use with medical and non-medical technology.	medical treatment; Provision of medical treatment; providing medical support in the monitoring of patients receiving medical treatments; medical analysis services for diagnostic and treatment purposes provided by medical laboratories; medical care and analysis services relating to patient treatment; medical analysis services relating to the treatment of persons; medical analysis services relating to the treatment of patients; medical analysis for the diagnosis and treatment of persons; conducting sleep studies for medical diagnostic or treatment purposes; medical treatment services provided by clinics and hospitals; medical treatment services provided by a health spa; medical services for the treatment of conditions of the human body; provision of medical information services, namely, reporting test results from laboratory partners to users through a laboratory Application Programming Interface (API) and technology platform.
Class 44.	Medical testing services in the fields of infectious disease, cancer, diabetes, genetics, fertility and chronic disease surveillance and management; medical testing for diagnostic or treatment purposes in the fields of infectious disease, cancer, diabetes, genetics, fertility and chronic disease surveillance and management; medical and health services in the fields of infectious disease, cancer, diabetes, genetics, fertility and chronic disease surveillance and management; arranging of	Colm Bergin, 21 Leeson Park Avenue, Ranelagh, Dublin 6 D06 TH68, Ireland. Address for service is c/o Colm Bergin, 21 Leeson Park Avenue, Ranelagh, Dublin 6 D06 TH68, Ireland. Registration of this Trade Mark gives no right to the exclusive use of the words and number 'Best2Test' The application for registration is proceeding with the consent of the proprietors of Registered European Union Trade Mark No:006920466 The mark in use is/will be in the colour(s) Blue, Green, Grey, Pink, Yellow.

GREAT RUN SOLO

264430 29 October 2020

- Class 9. Applications for tablet computers and smartphones; Application software; Computer games; Communication software and hardware for providing access to the Internet; Computer software for creating, editing, uploading, downloading, accessing, viewing, posting, displaying, tagging, blogging, streaming, linking, annotating, indicating sentiment about, commenting on, embedding, transmitting, and sharing or otherwise providing electronic media or information via computer and communication networks; Databases; Data, information, audio, video and other media and multimedia, all being readable or downloadable from the Internet or via mobile communications devices; Distance sensors; Downloadable publications; DVDs; Electronic chips; Electronic publications; Flash drives; GPS tracking and location devices; Media content; Mobile apps; Nose clips for swimming; Non-printed publications; Podcasts and webcasts; Pre-recorded video tapes; Recorded content; Sunglasses; Swim goggles; Telecommunications equipment; Timing apparatus.

Class 25. Hats; Bobble hats; Woolly hats; Beanie hats; Ski hats; T-shirts; Tee-shirts; Printed t-shirts; Short-sleeved T-shirts;

- Hoodies; Jackets; Sports jackets; Jackets [clothing]; Snowboard jackets; Ski jackets; Sleeved jackets; Sleeveless jackets; Padded jackets; Down jackets; Waterproof jackets; Rainproof jackets; Track jackets; Casual jackets; Bomber jackets; Weatherproof jackets; Wind-jackets; Rain jackets; Wind resistant jackets; Wind-resistant jackets; Shell jackets; Light-reflecting jackets; Warm-up jackets.
- Class 28. Sporting articles; Sporting articles and equipment; Bags adapted for sporting articles; Cases adapted for sporting articles; Bags adapted for carrying sporting articles.

Eugene Devereux, 43 Idrone Park, Tullow Road, Carlow R93V6X6, Ireland. Address for service is c/o Eugene Devereux, 43 Idrone Park, Tullow Road, Carlow R93V6X6, Ireland.

The mark in use is/will be in the colour(s) Black & White.

L3HARRIS

264517 05 February 2021

- Class 9. Computer hardware; aircraft cockpit voice recorders and flight data recorders; flight parameter data recorders and transmitters; semiconductors; radio frequency switches; radar detectors; flight testers, namely, computer hardware and software for performing flight simulation; computer software for aircraft flight simulation; telephonic transmitter;

telecommunication network hubs; telecommunication network connectors; telecommunication network receivers; telephonic network interface hardware; telephonic security control hardware; telephonic multimedia control hardware; telephonic switching, routing, and subscriber interface hardware for use in computer and communications networks and systems; computer software for use in command and control in the field of satellite communications; computer software for data mining in the field of strategic and tactical intelligence; computer telemetry software for use in data collection and transmission from satellites, aircraft, missiles, moving surface-based systems and remotely configured fixed site installations; computer software for use in data collection and transmission in medical in x-ray machines, magnetic sensing machines, acoustic sensing machines, chemical tracing machines; computer software for use in control and operation of real-time equipment; computer software for operating and controlling x-ray machines; computer software for operating and controlling magnetic sensing machines; computer software for operating and controlling medical imaging machines; computer software for operating and controlling acoustic sensing machines; computer software for operating and controlling chemical tracing machines; flight navigation controls; flight safety equipment, namely, voice recorders and telemetry systems for use on aircraft; computer software for operating and controlling

aircraft maintenance systems on aircraft; computer software for operating and controlling telemetry scanners; intrusion detection systems; computer software for operating and controlling combat scoring systems and pictures, computer software for operating and controlling air traffic handling systems; computer software for operating and controlling monitors, still cameras and video cameras; computer software for operating and controlling radar systems; computer software for use in vehicle status and monitoring systems; computer software for system situational awareness and representation in a communication and data link control system; telecommunications channel amplifiers; frequency filters for use in telecommunications; computer hardware for electronic key information processing, namely, the processing of information related to electronic encryption and other security technologies; radio frequency limiters; harmonic generators; satellite transponders; transponder controllers; secure communications systems consisting of digital processors, modulators, antennas, transmitters, receivers, and encryption hardware and software for secure algorithm processing devices for use with airborne, satellite, ground and sea-based information collection, transmission and analysis; communications systems consisting of high data rate microwave communications links and computer hardware; communications systems consisting of telephonic and high data rate microwave

radio components, digital processors, computer hardware, software containing algorithms for use in processing secure communications and software for the secure broadcast and/or receipt of communications and information or data; on-board satellite equipment providing subsystem capabilities, namely, electronic modules and circuit cards for digital solid-state recording of electronic data, video signal processing, communications signal processing and translation; microwave devices, equipment, products and components, namely, frequency transmitters, frequency converters, frequency synthesizers, frequency modulators, frequency filters, frequency power amplifiers, passive components, mechanical switches, wireless frequency monitors; radio navigation equipment comprised of recording transmission and receiving microwave equipment, namely, microprocessors, electronic displays, digital storage devices, radio transmitters and receivers, providing the following capabilities; navigation, vehicle command and control, vehicle indications and warning, data and telemetry recording; surveillance equipment and devices, namely, ISR (Intelligence surveillance reconnaissance) subsystems which use computer hardware and software to provide a sampling of the electromagnetic spectrum in prescribed frequencies to extract information content available for analysis, for use in military and civilian aircraft; electronic sensors

that provide in real time the ability to collect electronic data and information; electronic computer hardware and software that allow for the collection, monitoring, analysis, storage, and presentation of medical images; hardware that allows for the interfacing of analog or digital signals into the existing PSTN (Public Switch Telephone Network) or global Information network and create the ability to take those same signals into a mobile communications system; telephonic computer hardware that allows for creation of a wireless last mile, namely, wireless radio connections between a central source and destination with the telephony and data system having fixed site or mobile operational capability; communications terminals which consist of computer hardware that provides for the creation and connection of multimedia communication signals including analog, voice, data, and video and allow signals to be connected to other communications terminals or other network nodes; Radio and television transmission systems comprising transmitters, monitors, signal mixers, audio and video signal encoders and decoders and editing equipment, namely, signal processors; transmitters and receivers for satellite communications; computer operated network systems comprising computer hardware and software for transmitting data between computers connected in a network and for managing the computers and the transmission of the data on said network; computer information systems comprising computers and

software for processing data, word processing and displaying of data; avionics systems comprising digital maps, fiber-optic and wire data busses, memory devices, instrumentation for displaying, storing, processing, and retrieving weather, tactical, strategic and secure data, aircraft cockpit controls and data displays; phased array antennas; global positioning equipment comprising data processors and displays; Computer software and computer hardware for use in air traffic control communications systems for displaying transporting, transmitting voice, data and images, controlling, switching, routing, and receiving air traffic information; computers and computer software for converting images into data, and for analyzing, displaying and printing the data in the field of two and three-dimensional image extraction, manipulation, display, and geographic registration; secure computer operated systems consisting of computer hardware and computer software, and encrypted databases, all used for ensuring and controlling the security and access of a computer network and the information contained therein namely, tracking air traffic and transmitting encrypted messages to pilots data base management, file transfer, and for connecting computers and data bases in a network and for air traffic circulation management; airline management system comprising computers and software for database management and for exchanging aircraft and aircraft operations

information; Television signal analysis processors, namely, electronic display panels for displaying signals, signal evaluation terminals primarily comprised of customized signal analysis hardware with integrated displays and software analysis components running on industry standard computers and monitors for evaluating the quality of analog and digital signals, media analysis servers for verifying the quality of digital media content, signal interface modules, handheld signal analyzers, optical signal analyzers, circuit testers for monitoring broadcast signals, and video monitoring tools, namely, software based video monitoring tools, namely, computer software for monitoring and logging the loudness of media content; timing reference generators, namely, time reference signal generators for broadcast system timing signal and test signal generation; hardware and computer software for television production, post production and broadcast, namely, demodulators, digital signage, namely, dynamic electronic displays and networking computer servers and computer software for managing and controlling dynamic electronic displays, distribution amplifiers, audio/video editors, namely, computer workstations equipped with computer software for editing audio and video program material, computer hardware and computer software sold as a unit for generating characters and graphics, computer software for generating visual effects, computer hardware and computer software sold as a unit for generating and inserting on-air branding,

emergency alert modules, namely, computerized electronic modules and associated computer software for implementing the broadcasting of public emergency alert messages, fiber optic signal transports, electronic master control switchers for audio and video signals, audio and video signal compressors and audio and video signal decompressors, multiplexers and de-multiplexers, multiviewers, broadcast computer network monitoring and control application software, electronic network control panels, audio, video and data receivers and decoders, electronic routing switchers for audio and video signals, video servers, NTP (Network Time Protocol) timing modules comprised primarily of computer hardware and computer software for carrying out NTP timing, signal timing clocks, signal transport modules, audio/video sync and timing managers primarily comprised of high precision clock generation circuitry for synchronization of audio with video, computer software for creating and displaying timecode markers, up/down signal frequency converters, signal format cross converters, all for use in the media and entertainment industry; broadcast operations software for advertising, sales, traffic and billing, automation, digital asset management, programming and rights management, namely, computer software for managing, monitoring and automating the buying, selling, scheduling, research, inventory management, production tracking and accounting processes for

advertising, and general content for the media and entertainment industry; computer software for controlling and monitoring switching systems for television and radio signals; computer software for managing, monitoring and automating the creation, movement, location, archiving, retrieval and use of digital media assets; business process management and messaging software, for managing and controlling human and automated workflows and multisystem communications for use in the media and entertainment industry; network management centers primarily comprised of mobile and portable radios and also containing electrical base station controllers, electrical communication controllers and electrical network controllers; mobile two-way communications radios; and non-mobile two-way communications radios; portable two-way communications radios; radio network gateways comprising computers, computer switches and associated computer software for voice and data communications; Internet protocol-based networks comprising computer hardware and computer software for interoperable communications; telecommunications equipment, namely, trunked radio communication systems for public service and industrial applications comprised of portable communications radios, electrical base station controllers, electrical communication controllers and circuit switches; control equipment for two-way

mobile and two-way fixed radios, namely, base station equipment for fixed and mobile networking and communications, cell sites primarily comprised of electronic hardware, computer software, antennae, and base stations, control stations primarily comprised of, radio hardware and associated computer software, desktop control stations primarily comprised of radios, radio hardware and associated computer software, dispatch and console hardware, namely, dispatch consoles and software for carrying out emergency and nonemergency communications and carrying out command and control of public safety personnel and assets, site management computer hardware and software for managing communications radios and base stations, and network monitoring computer hardware and software for monitoring communications radios and base stations; radio data communications systems primarily comprised of mobile communications radios and also containing non-mobile communications radios, portable communications radios, base station controllers, communication controllers, and network controllers; communications radio network gateways comprised primarily of computers, computer switches and associated computer software for providing a gateway between networks; space deployable reflectors for satellite communications; computers and computer software for processing geographic elevation data representing the elevations of locations on the earth to generate, display and print

three-dimensional geographically registered representations of those locations; computers and computer software for managing, cataloging and retrieving geospatial imagery, imagery derived products and other intelligence products through the synchronization of data catalogs across disparate storage locations; computers and computer software for managing, processing, exploiting and disseminating motion imagery intelligence; computers and computer software for managing, processing, exploiting and disseminating flight planning presentations to general aviation pilots and air traffic controllers; networking communications radios; shipboard communication terminals primarily comprised of antennae, pedestals, positioners, modems, up converters, down converters, amplifiers and user interfaces; ground communication terminals primarily comprised of antennae, pedestals, positioners, modems, up converters, down converters, amplifiers and user interfaces; computer information systems comprised mainly of computers and computer software for processing data, word processing and displaying of data in the fields of census information systems, healthcare information systems, intelligent electrical power distribution systems, weather reporting and forecasting systems and environmental reporting and forecasting systems; avionics equipment, namely, video signal compressor and decompressors, power supplies, mounting racks

specially adapted for mounting and interconnecting electronic apparatus, airborne signal processors for network interoperability and for targeting, of weapons secure network switches, computer software in the nature of networking protocols for facilitating the exchange of electronic messages and data, radio frequency (RF) data links for weapons, UHF/VHF wireless data links, beam former electronics primarily consisting of power amplifiers and also containing low noise amplifiers, phase shifters, time delay units, transmit and receive switches, array dividers, array combiners, frequency up-converters, frequency down-converters, array controllers and array power supplies and control equipment, antenna control units, attitude and heading reference units, transmit/receive control units, antenna position controllers and frequency band select switches; air traffic control communications systems consisting of computer hardware and computer software for displaying, transmitting, controlling, switching, routing, and receiving weather data; two-way radios for communication of voice, data, images and video for use by military and other government agencies; two-way communications radios, namely, voice and data communications radios operable across multiple frequency bands for enabling public safety officials and first responders such as law enforcement agencies, paramedics, firefighters and military personnel to communicate interoperably with one another even though their respective pre-existing

communications infrastructures might otherwise be mutually incompatible; trunked radio communication systems for public service and industrial applications, namely, cellular base stations and mobile radio base stations for two-way mobile and fixed communications radios; loudspeakers for mobile two-way communications radios; loudspeakers for non-mobile two-way communications radios; battery chargers for two-way communications radios; Internet protocol-based communication networks comprised primarily of computer hardware and computer software for implementing interoperable communications; cryptographic modules namely, electronic modules with embedded firmware for data encryption; encryption engines; radio frequency wireless communications adapters, namely, network interface cards; software for operating radio frequency wireless network interface cards; communications software for connecting radio frequency wireless network interface cards to a local area communications network; radio network gateways comprised primarily of computers, computer switches and computer software in the field of voice and data communications; computer software for use in the field of air traffic control, namely, for the supervision, maintenance, administration, troubleshooting and configuration of computer software for monitoring the performance of air traffic control systems, mapping definition, uploading software updates and releases, access

control, user definition, recovery and diagnostic reporting.

Class 35. Business management advice and consultation in the field of telecommunications logistics; Business consultation and assistance in the operation of telecommunication systems and networks for others; Business consultation and assistance in the field of telecommunications namely, the operation and administration of telecommunication networks and communication links for others.

Class 37. Technical consultation in the field of building construction of fixed site earth-based facilities; Technical consultation and assistance in the field of construction, repair and maintenance of submarines and ships; Technical consultation concerning the installation, repair and maintenance of mobile and fixed site earth-based facilities, satellites and related computer information systems; Technical consultation and assistance in the field of deployment of computer hardware equipment and systems; IT and communication infrastructure upgrade services, namely, updating of computer hardware for IT and communication systems; Telecommunications system maintenance services, namely, maintenance of radio, television and digital communications equipment for others.

Class 38. Technical consultation in the field of satellite communications and communications by related communication information systems, namely, communications via satellite transmission, microwave

Class 42.	products and telemetry and instrumentation; Consultation and technical assistance in the fields of secure communications and telemetry. Technical consultation and assistance in the field of avionics; Information technology consultation in the fields of submarines and ships, mobile and fixed site earth-based facilities, satellites and related information systems, namely, information security, communications, microwave products and telemetry and instrumentation; Designing computer systems for software integration, maintenance and user-information services, operation support systems for software integration, maintenance and planning support services and provisioning, and provisioning control support services for satellite control networks, real-time defense communications systems, and real time defense intelligence collection systems; Designing computer systems for engineering support for satellite launches, deployed communication systems and deployed intelligence collection systems; Consultation and technical assistance in the fields of customization of computer hardware and software products; Consultation and assistance with computer program management services, computer site management services, and deployment and management of wireless communications networks of others and communications link management services; Technical support services, namely, troubleshooting in the	nature of diagnosing and testing computer hardware and software problems; Providing an interactive web site that enables users to enter, access, monitor and generate designed strategic and tactical signal intelligence information reports; IT and communication infrastructure migration services; technical design and deployment of telecommunication networks and computer networks for others; technical support services for migration of datacenter, server and database applications; data migration services; IT software applications management, enterprise services management, namely, management of software applications, management of restricting network, data, maintenance of computer software relating to computer security and prevention of computer risks; computer hardware and software consulting services; technical consulting in the field of telecommunications technology; technical consulting in the field of information technology (IT); updating and maintenance of computer software, information technology (IT) integration services; technical support, namely, monitoring of computer networks by remote access; remote computer network technical monitoring and software maintenance services; remote management of the information technology (IT) systems of others; planning, design and management of information technology (IT) systems; computer hardware and software design; computer network design for others; information assurance services for designing,
-----------	--	---

deploying and operating secure communications systems and information networks, for safeguarding the confidentiality, integrity and availability of information systems and critical business data of others; design of radio, television and digital communications equipment for others; design and integration of telephone systems, communications systems, and information display systems.

- Class 45. Consultation and technical assistance in the fields of information security and intelligence security services for secure and non-secure voice, data, and video communications, user authorization, recognition and message encryption.

L3HARRIS TECHNOLOGIES, INC., 1025 West NASA Boulevard, Melbourne, Florida 32919, United States of America. Address for service is c/o FRKelly, 27 Clyde Road, Ballsbridge, Dublin 4 D04 F838, Ireland.

264518 16 February 2021

- Class 44. Pharmacy services.

Niall O'Sullivan, Koti, Friarstown, Ballyclough V94HXY8, Ireland. Address for service is c/o Niall O'Sullivan, Koti, Friarstown Ballyclough, Limerick V94HXY8, Ireland.

The mark in use is/will be in the colour(s) Blue and white

264519 12 February 2021

- Class 3. Cosmetics.
Class 21. Electric toothbrushes.

John Quigley, Ballyhogan, Ballywillam, Nenagh E45CX99, Ireland. Address for service is c/o John Quigley, Ballyhogan, Ballywillam, Nenagh E45CX99, Ireland.

The mark in use is/will be in the colour(s) Black/Gold and White

264520 21 December 2020

- Class 30. Processed oats; oatmeal; porridge; cereals; preparations made from cereals; rolled oats; processed grains.

Quaker Oats Limited, 1600 Arlington Business Park,
Theale, Berkshire RG74SA, United Kingdom.
Address for service is c/o TOMKINS & CO., 5
Dartmouth Road, Dublin 6, Ireland.

The mark in use is/will be in the colours yellow and
black

1.1:

2.1:

Application is for a Series of 2 Trade Marks.

264521 21 December 2020

Class 30. Processed oats; oatmeal;
porridge; cereals; preparations

made from cereals; rolled
oats; processed grains.

Quaker Oats Limited, 1600 Arlington Business Park,
Theale, Berkshire RG74SA, United Kingdom.
Address for service is c/o TOMKINS & CO., 5
Dartmouth Road, Dublin 6, Ireland.

The first mark in the series in use is/will be in the
colours black and white; the second mark is/will be in
the colours yellow, black, blue, light blue, green, dark
green, red, dark red, white, brown and beige

264522 05 February 2021

Class 9. Computer hardware; aircraft
cockpit voice recorders and
flight data recorders; flight
parameter data recorders and
transmitters; semiconductors;
radio frequency switches;
radar detectors; flight testers,
namely, computer hardware
and software for performing
flight simulation; computer
software for aircraft flight
simulation; telephonic
transmitter;
telecommunication network
hubs; telecommunication
network connectors;
telecommunication network
receivers; telephonic network
interface hardware; telephonic
security control hardware;
telephonic multimedia control
hardware; telephonic
switching, routing, and
subscriber interface hardware
for use in computer and
communications networks and
systems; computer software
for use in command and

control in the field of satellite communications; computer software for data mining in the field of strategic and tactical intelligence; computer telemetry software for use in data collection and transmission from satellites, aircraft, missiles, moving surface-based systems and remotely configured fixed site installations; computer software for use in data collection and transmission in medical in x-ray machines, magnetic sensing machines, acoustic sensing machines, chemical tracing machines; computer software for use in control and operation of real-time equipment; computer software for operating and controlling x-ray machines; computer software for operating and controlling magnetic sensing machines; computer software for operating and controlling medical imaging machines; computer software for operating and controlling acoustic sensing machines; computer software for operating and controlling chemical tracing machines; flight navigation controls; flight safety equipment, namely, voice recorders and telemetry systems for use on aircraft; computer software for operating and controlling aircraft maintenance systems on aircraft; computer software for operating and controlling telemetry scanners; intrusion detection systems; computer software for operating and controlling combat scoring systems and pictures, computer software for operating and controlling air traffic handling systems; computer software for operating and controlling monitors, still cameras and video cameras; computer

software for operating and controlling radar systems; computer software for use in vehicle status and monitoring systems; computer software for system situational awareness and representation in a communication and data link control system; telecommunications channel amplifiers; frequency filters for use in telecommunications; computer hardware for electronic key information processing, namely, the processing of information related to electronic encryption and other security technologies; radio frequency limiters; harmonic generators; satellite transponders; transponder controllers; secure communications systems consisting of digital processors, modulators, antennas, transmitters, receivers, and encryption hardware and software for secure algorithm processing devices for use with airborne, satellite, ground and sea-based information collection, transmission and analysis; communications systems consisting of high data rate microwave communications links and computer hardware; communications systems consisting of telephonic and high data rate microwave radio components, digital processors, computer hardware, software containing algorithms for use in processing secure communications and software for the secure broadcast and/or receipt of communications and information or data; on-board satellite equipment providing subsystem capabilities, namely, electronic modules and circuit cards for digital solid-state recording of

electronic data, video signal processing, communications signal processing and translation; microwave devices, equipment, products and components, namely, frequency transmitters, frequency converters, frequency synthesizers, frequency modulators, frequency filters, frequency power amplifiers, passive components, mechanical switches, wireless frequency monitors; radio navigation equipment comprised of recording transmission and receiving microwave equipment, namely, microprocessors, electronic displays, digital storage devices, radio transmitters and receivers, providing the following capabilities; navigation, vehicle command and control, vehicle indications and warning, data and telemetry recording; surveillance equipment and devices, namely, ISR (Intelligence Surveillance Reconnaissance) subsystems which use computer hardware and software to provide a sampling of the electromagnetic spectrum in prescribed frequencies to extract information content available for analysis, for use in military and civilian aircraft; electronic sensors that provide in real time the ability to collect electronic data and information; electronic computer hardware and software that allow for the collection, monitoring, analysis, storage, and presentation of medical images; hardware that allows for the interfacing of analog or digital signals into the existing PSTN (Public Switch Telephone Network) or global Information network and create the ability to take those

same signals into a mobile communications system; telephonic computer hardware that allows for creation of a wireless last mile, namely, wireless radio connections between a central source and destination with the telephony and data system having fixed site or mobile operational capability; communications terminals which consist of computer hardware that provides for the creation and connection of multimedia communication signals including analog, voice, data, and video and allow signals to be connected to other communications terminals or other network nodes; Radio and television transmission systems comprising transmitters, monitors, signal mixers, audio and video signal encoders and decoders and editing equipment, namely, signal processors; transmitters and receivers for satellite communications; computer operated network systems comprising computer hardware and software for transmitting data between computers connected in a network and for managing the computers and the transmission of the data on said network; computer information systems comprising computers and software for processing data, word processing and displaying of data; avionics systems comprising digital maps, fiber-optic and wire data busses, memory devices, instrumentation for displaying, storing, processing, and retrieving weather, tactical, strategic and secure data, aircraft cockpit controls and data displays; phased array antennas; global positioning equipment comprising data processors

and displays; Computer software and computer hardware for use in air traffic control communications systems for displaying transporting, transmitting voice, data and images, controlling, switching, routing, and receiving air traffic information; computers and computer software for converting images into data, and for analyzing, displaying and printing the data in the field of two and three-dimensional image extraction, manipulation, display, and geographic registration; secure computer operated systems consisting of computer hardware and computer software, and encrypted databases, all used for ensuring and controlling the security and access of a computer network and the information contained therein namely, tracking air traffic and transmitting encrypted messages to pilots data base management, file transfer, and for connecting computers and data bases in a network and for air traffic circulation management; airline management system comprising computers and software for database management and for exchanging aircraft and aircraft operations information; Television signal analysis processors, namely, electronic display panels for displaying signals, signal evaluation terminals primarily comprised of customized signal analysis hardware with integrated displays and software analysis components running on industry standard computers and monitors for evaluating the quality of analog and digital signals, media analysis servers for verifying the quality of digital

media content, signal interface modules, handheld signal analyzers, optical signal analyzers, circuit testers for monitoring broadcast signals, and video monitoring tools, namely, software based video monitoring tools, namely, computer software for monitoring and logging the loudness of media content; timing reference generators, namely, time reference signal generators for broadcast system timing signal and test signal generation; hardware and computer software for television production, post production and broadcast, namely, demodulators, digital signage, namely, dynamic electronic displays and networking computer servers and computer software for managing and controlling dynamic electronic displays, distribution amplifiers, audio/video editors, namely, computer workstations equipped with computer software for editing audio and video program material, computer hardware and computer software sold as a unit for generating characters and graphics, computer software for generating visual effects, computer hardware and computer software sold as a unit for generating and inserting on-air branding, emergency alert modules, namely, computerized electronic modules and associated computer software for implementing the broadcasting of public emergency alert messages, fiber optic signal transports, electronic master control switchers for audio and video signals, audio and video signal compressors and audio and video signal decompressors, multiplexers and de-multiplexers,

multiviewers, broadcast computer network monitoring and control application software, electronic network control panels, audio, video and data receivers and decoders, electronic routing switchers for audio and video signals, video servers, NTP timing modules comprised primarily of computer hardware and computer software for carrying out NTP timing, signal timing clocks, signal transport modules, audio/video sync and timing managers primarily comprised of high precision clock generation circuitry for synchronization of audio with video, computer software for creating and displaying timecode markers, up/down signal frequency converters, signal format cross converters, all for use in the media and entertainment industry; broadcast operations software for advertising, sales, traffic and billing, automation, digital asset management, programming and rights management, namely, computer software for managing, monitoring and automating the buying, selling, scheduling, research, inventory management, production tracking and accounting processes for advertising, and general content for the media and entertainment industry; computer software for controlling and monitoring switching systems for television and radio signals; computer software for managing, monitoring and automating the creation, movement, location, archiving, retrieval and use of digital media assets; business process management and messaging software, for managing and controlling

human and automated workflows and multisystem communications for use in the media and entertainment industry; network management centers primarily comprised of mobile and portable radios and also containing electrical base station controllers, electrical communication controllers and electrical network controllers; mobile and nonmobile two-way communications radios; portable two-way communications radios; radio network gateways comprising computers, computer switches and associated computer software for voice and data communications; Internet protocol-based networks comprising computer hardware and computer software for interoperable communications; telecommunications equipment, namely, trunked radio communication systems for public service and industrial applications comprised of portable communications radios, electrical base station controllers, electrical communication controllers and circuit switches; control equipment for two-way mobile and two-way fixed radios, namely, base station equipment for fixed and mobile networking and communications, cell sites primarily comprised of electronic hardware, computer software, antennae, and base stations, control stations primarily comprised of, radio hardware and associated computer software, desktop control stations primarily comprised of radios, radio hardware and associated computer software, dispatch and console hardware,

namely, dispatch consoles and software for carrying out emergency and nonemergency communications and carrying out command and control of public safety personnel and assets, site management computer hardware and software for managing communications radios and base stations, and network monitoring computer hardware and software for monitoring communications radios and base stations; radio data communications systems primarily comprised of mobile communications radios and also containing non-mobile communications radios, portable communications radios, base station controllers, communication controllers, and network controllers; communications radio network gateways comprised primarily of computers, computer switches and associated computer software for providing a gateway between networks; space deployable reflectors for satellite communications; computers and computer software for processing geographic elevation data representing the elevations of locations on the earth to generate, display and print three-dimensional geographically registered representations of those locations; computers and computer software for managing, cataloging and retrieving geospatial imagery, imagery derived products and other intelligence products, through the synchronization of data catalogs across disparate storage locations; computers and computer software for managing, processing, exploiting and disseminating motion imagery intelligence; computers and

computer software for managing, processing, exploiting and disseminating flight planning presentations to general aviation pilots and air traffic controllers; networking communications radios; shipboard communication terminals primarily comprised of antennae, pedestals, positioners, modems, up converters, down converters, amplifiers and user interfaces; ground communication terminals primarily comprised of antennae, pedestals, positioners, modems, up converters, down converters, amplifiers and user interfaces; computer information systems comprised mainly of computers and computer software for processing data, word processing and displaying of data in the fields of census information systems, healthcare information systems, intelligent electrical power distribution systems, weather reporting and forecasting systems and environmental reporting and forecasting systems; avionics equipment, namely, video signal compressor and decompressors, power supplies, mounting racks specially adapted for mounting and interconnecting electronic apparatus, airborne signal processors for network interoperability and for targeting, of weapons secure network switches, computer software in the nature of networking protocols for facilitating the exchange of electronic messages and data, radio frequency (RF) data links for weapons, UHF/VHF wireless data links, beam former electronics primarily consisting of power amplifiers and also containing low noise

amplifiers, phase shifters, time delay units, transmit and receive switches, array dividers, array combiners, frequency up-converters, frequency down-converters, array controllers and array power supplies and control equipment, antenna control units, attitude and heading reference units, transmit/receive control units, antenna position controllers and frequency band select switches; air traffic control communications systems consisting of computer hardware and computer software for displaying, transmitting, controlling, switching, routing, and receiving weather data; two-way radios for communication of voice, data, images and video for use by military and other government agencies; two-way communications radios, namely, voice and data communications radios operable across multiple frequency bands for enabling public safety officials and first responders such as law enforcement agencies, paramedics, firefighters and military personnel to communicate interoperably with one another even though their respective pre-existing communications infrastructures might otherwise be mutually incompatible; trunked radio communication systems for public service and industrial applications, namely, cellular base stations and mobile radio base stations for two-way mobile and fixed communications radios; loudspeakers for mobile two-way communications radios; loudspeakers for non-mobile two-way communications radios; battery chargers for two-way communications

radios; Internet protocol-based communication networks comprised primarily of computer hardware and computer software for implementing interoperable communications; cryptographic modules namely, electronic modules with embedded firmware for data encryption; encryption engines; radio frequency wireless communications adapters, namely, network interface cards; software for operating radio frequency wireless network interface cards; communications software for connecting radio frequency wireless network interface cards to a local area communications network; radio network gateways comprised primarily of computers, computer switches and computer software in the field of voice and data communications; computer software for use in the field of air traffic control, namely, for the supervision, maintenance, administration, troubleshooting and configuration of computer software for monitoring the performance of air traffic control systems, mapping definition, uploading software updates and releases, access control, user definition, recovery and diagnostic reporting.

Class 35. Business management advice and consultation in the field of telecommunications logistics; Business consultation and assistance in the operation of telecommunication systems and networks for others; Business consultation and assistance in the field of telecommunications namely, the operation and administration of telecommunication networks

	and communication links for others.		
Class 37.	Technical consultation in the field of building construction of fixed site earth-based facilities; Technical consultation and assistance in the field of construction, repair and maintenance of submarines and ships; Technical consultation concerning the installation, repair and maintenance of mobile and fixed site earth-based facilities, satellites and related computer information systems; Technical consultation and assistance in the field of deployment of computer hardware equipment and systems; IT and communication infrastructure upgrade services, namely, updating of computer hardware for IT and communication systems; Telecommunications system maintenance services, namely, maintenance of radio, television and digital communications equipment for others.		communications, microwave products and telemetry and instrumentation; Designing computer systems for software integration, maintenance and user-information services, operation support systems for software integration, maintenance and planning support services and provisioning, and provisioning control support services for satellite control networks, real-time defense communications systems, and real time defense intelligence collection systems; Designing computer systems for engineering support for satellite launches, deployed communication systems and deployed intelligence collection systems; Consultation and technical assistance in the fields of customization of computer hardware and software products; Consultation and assistance with computer program management services, computer site management services, and deployment and management of wireless communications networks of others and communications link management services; Technical support services, namely, troubleshooting in the nature of diagnosing and testing computer hardware and software problems; Providing an interactive web site that enables users to enter, access, monitor and generate designed strategic and tactical signal intelligence information reports; IT and communication infrastructure migration services; technical design and deployment of telecommunication networks and computer networks for others; technical support services for migration of
Class 38.	Technical consultation in the field of satellite communications and communications by related communication information systems, namely, communications via satellite transmission, microwave products and telemetry and instrumentation; Consultation and technical assistance in the fields of secure communications and telemetry.		
Class 42.	Technical consultation and assistance in the field of avionics; Information technology consultation in the fields of submarines and ships, mobile and fixed site earth-based facilities, satellites and related information systems, namely, information security,		

datacenter, server and database applications; data migration services; IT software applications management, enterprise services management, namely, management of software applications, management of restricting network, data, maintenance of computer software relating to computer security and prevention of computer risks; computer hardware and software consulting services; technical consulting in the field of telecommunications technology; technical consulting in the field of information technology (IT); updating and maintenance of computer software, information technology (IT) integration services; technical support, namely, monitoring of computer networks by remote access; remote computer network technical monitoring and software maintenance services; remote management of the information technology (IT) systems of others; planning, design and management of information technology (IT) systems; computer hardware and software design; computer network design for others; information assurance services for designing, deploying and operating secure communications systems and information networks, for safeguarding the confidentiality, integrity and availability of information systems and critical business data of others; design of radio, television and digital communications equipment for others; design and integration of telephone systems, communications systems, and information display systems.

Class 45. Consultation and technical assistance in the fields of information security and intelligence security services for secure and non-secure voice, data, and video communications, user authorization, recognition and message encryption.

L3HARRIS TECHNOLOGIES, INC., 1025 West NASA Boulevard, Melbourne, Florida 32919, United States of America. Address for service is c/o FRKelly, 27 Clyde Road, Ballsbridge, Dublin 4 D04 F838, Ireland.

264523 16 February 2021

Class 36. International Registrations under the Madrid Protocol seeking protection in the State.

Any person desiring to oppose the conferring of protection in the State to the undermentioned marks may, within three months from the date of this Journal give notice to the Controller, in accordance with the provisions of Rule 18.

It should be noted that under the provisions of Rule 63(2) no extension of the opposition period is allowed for lodging opposition under Rule 18.

It is desirable before lodging formal opposition that a communication should be addressed to the holder affording him an opportunity to withdraw his application for protection of the International Registration in the State. In this way cost of opposition proceedings may be avoided.

Class 1. Agar-agar; reducing agents for use in photography; agglutinants for concrete; agricultural chemicals, except fungicides, herbicides, insecticides and parasiticides; adhesives for billposting; adhesives for industrial purposes; adhesive preparations for surgical bandages; nitrogen; nitric acid; nitrogenous fertilisers; acrylic resins, unprocessed; activated carbon; actinium; albumenized paper; alginates [thickening and gas-forming substances], except alginates for culinary purposes; alginates for the food industry; aldehydes; caustics for industrial purposes; caustic alkali; alkaline iodides for industrial purposes; alkaline metals; alkaline-earth metals; alkaloids; spirits of vinegar [dilute acetic acid]; alcohol; aluminium acetate; aluminium iodide; alumina; aluminium silicate; aluminium hydrate; aluminium chloride; aluminium alum; americium; amyl acetate; amyl alcohol; ammonium aldehyde; ammonium nitrate; sal ammoniac; ammonia alum;

ammonium salts; ammonia; ammonia [volatile alkali] for industrial purposes; ammoniacal salts; ungluing agents [chemical preparations for liquifying starch]; anti-knock substances for internal combustion engines; disincrustants; anti-incrustants; anti-boil preparations for engine coolants; antimony; antimony oxide; antimony sulfide; anti-frothing solutions for accumulators; anti-frothing solutions for batteries; antioxidants for use in the manufacture of cosmetics; antioxidants for use in the manufacture of pharmaceuticals; antioxidants for use in the manufacture of food supplement; antioxidants for use in manufacture; antistatic preparations, other than for household purposes; antifreeze; anthranilic acid; anhydrides; dressing, except oils, for skins; argon; arsenic; arsenious acid; astatine; acetates [chemicals]; acetate of cellulose, unprocessed; acetylene; acetone; mordants for metals; bacterial preparations, other than for medical and veterinary use; bacteriological preparations for acetification; bacteriological preparations, other than for medical and veterinary use; galvanizing baths; baryta; barium sulfate; barium compounds; barium; barytes; baryta paper; anhydrous ammonia; albumin [animal or vegetable, raw material]; benzene; benzol; benzene-based acids; benzene derivatives; benzoic sulfimide; benzoic acid; bentonite; berkelium; biological preparations, other than for medical or veterinary purposes; biological tissue cultures, other than for medical or veterinary

purposes; biochemical catalysts; bismuth; bismuth subnitrate for chemical purposes; bauxite; borax; boric acid for industrial purposes; flour for industrial purposes; tapioca flour for industrial purposes; bromine for chemical purposes; limestone hardening substances; substrates for soil-free growing [agriculture]; beer-clarifying and preserving agents; polish removing substances; substances for preventing runs in stockings; vinic alcohol; cream of tartar for industrial purposes; cream of tartar for the food industry; tartar, other than for pharmaceutical purposes; tartaric acid; viscose; vitamins for use in the manufacture of cosmetics; vitamins for use in the manufacture of pharmaceuticals; vitamins for use in the manufacture of food supplements; vitamins for the food industry; witherite; blue vitriol; damp-proofing chemicals, except paints, for masonry; leather-waterproofing chemicals; textile-waterproofing chemicals; water-purifying chemicals; seaweeds [fertilisers]; hydrogen; hydrogen peroxide for industrial purposes; tungstic acid; grafting wax for trees; solidified gases for industrial purposes; carbon; carbon for filters; carbon disulfide; gadolinium; propellant gases for aerosols; gas purifying preparations; galvanizing preparations; gallium; gallotannic acid; gallic acid for the manufacture of ink; gambier; genes of seeds for agricultural production; getters [chemically active substances]; gypsum for use as a fertilizer; glycol; glycol ether; drilling muds; loam; glycerides; glycerine for

industrial purposes; glutamic acid for industrial purposes; gluten [glue], other than for stationery or household purposes; gluten for industrial purposes; gluten for the food industry; glucose for industrial purposes; glucose for the food industry; glucosides; combusting preparations [chemical additives to motor fuel]; fuel for nuclear reactors; graphene; graphite for industrial purposes; sizing preparations; guano; gum arabic for industrial purposes; gurjun balsam for use in the manufacture of varnish; nitrous oxide; dextrin [size]; fissionable material for nuclear energy; fissionable chemical elements; distilled water; detergents for use in manufacturing processes; detergent additives to gasoline; defoliants; diastase for industrial purposes; dysprosium; opacifiers for enamel; opacifiers for glass; dolomite for industrial purposes; tan; tanning substances; tan-wood; pyroligneous acid [wood vinegar]; wood pulp; wood alcohol; europium; electrophoresis gels; emulsifiers; enzymes for industrial purposes; enzymes for the food industry; enzyme preparations for industrial purposes; enzyme preparations for the food industry; oenological bactericides [chemical preparations for use in wine making]; epoxy resins, unprocessed; erbium; esters; ethane; ethers; ethyl alcohol; ethyl ether; gelatine for industrial purposes; gelatine for photographic purposes; isinglass, other than for stationery, household or alimentary purposes; iron salts; mercury; mercuric

oxide; mercury salts; animal albumen [raw material]; animal charcoal; animal manure; welding chemicals; cellulose derivatives [chemicals]; saccharin; protective gases for welding; bleaching preparations [decolorants] for industrial purposes; oil-bleaching chemicals; wax-bleaching chemicals; clarification preparations; wine finings; artificial sweeteners [chemical preparations]; isotopes for industrial purposes; test paper, chemical; chemical additives to insecticides; diatomaceous earth; ytterbium; yttrium; iodine for industrial purposes; iodine for chemical purposes; iodised albumen; iodised salts; iodic acid; ion exchangers [chemicals]; casein for industrial purposes; casein for the food industry; kainite; bichloride of tin; bichromate of potassium; potassium dioxalate; cream of tartar for chemical purposes; potassium; californium; calomel [mercurous chloride]; lime acetate; calcium carbide; lime carbonate; lime chloride; calcium cyanamide [fertiliser]; calcium salts; calcined soda; rock salt; camphor, for industrial purposes; kaolin; carbide; carbonates; carbonic acid; carbonic hydrates; potato flour for industrial purposes; cassiopium [lutetium]; catalysts; catechu; quebracho for industrial purposes; ceramic glazings; ceramic materials in particulate form, for use as filtering media; ceramic compositions for sintering [granules and powders]; ketones; kieselgur; fuller's earth for use in the textile industry; cinematographic film, sensitized but not exposed; sorrel salt; acids; acid proof

chemical compositions; oxygen for industrial purposes; mastic for tires [tyres]; paste fillers for automobile body repair; paste fillers for car body repair; starch paste [adhesive], other than for stationery or household purposes; cobalt oxide for industrial purposes; leather-dressing chemicals; leather-impregnating chemicals; collagen for industrial purposes; collodion; compositions for the manufacture of phonograph records; compositions for the manufacture of technical ceramics; compositions for repairing tyres; compositions for repairing tires; compositions for repairing inner tubes of tires [tyres]; compost; concrete preservatives, except paints and oils; beer preserving agents; masonry preservatives, except paints and oils; preservatives for tiles, except paints and oils; cement preservatives, except paints and oils; seed preserving substances; brickwork preservatives, except paints and oils; preservatives for use in the pharmaceutical industry; corrosive preparations; bone charcoal; creosote for chemical purposes; cryogenic preparations; krypton; crotonic aldehyde; xenon; xylol; xylene; cultures of microorganisms, other than for medical and veterinary use; curium; litmus paper; lactose [raw material]; lactose for industrial purposes; lactose for the food industry; lamp black for industrial purposes; lanthanum; leather glues; glue for industrial purposes; adhesives for wall tiles; adhesives for paperhanging; adhesives for wallpaper; cement-

waterproofing chemicals, except paints; cement for mending broken articles; cement for footwear; birdlime; glutinous tree-banding preparations; glutinous preparations for tree-banding; glutinous tree-grafting preparations; glutinous preparations for tree-grafting; lecithin [raw material]; lecithin for industrial purposes; lecithin for the food industry; citric acid for industrial purposes; lithia [lithium oxide]; lithium; magnesium carbonate; magnesium chloride; magnesite; magnetic fluid for industrial purposes; grafting mastic for trees; malt albumen; manganate; manganese dioxide; mangrove bark for industrial purposes; oils for tanning leather; oils for currying leather; oils for preparing leather in the course of manufacture; oil cement [putty]; oil dispersants; oil-separating chemicals; fatty acids; moderating materials for nuclear reactors; finishing preparations for use in the manufacture of steel; metalloids; methane; methyl benzene; methyl benzol; methyl ether; mineral acids; lactic acid; milk ferments for industrial purposes; milk ferments for chemical purposes; milk ferments for the food industry; seawater for industrial purposes; formic aldehyde for chemical purposes; formic acid; expanded clay for hydroponic plant growing [substrate]; bichromate of soda; soda ash; perborate of soda; hypochlorite of soda; sodium salts [chemical compounds]; sodium; naphthalene; neodymium; neon, neptunium; toxic gas neutralizers; nitrates; nitrate paper; sal ammoniac spirits;

starch for industrial purposes; dehydrating preparations for industrial purposes; degreasing preparations for use in manufacturing processes; moistening [wetting] preparations for use in dyeing; wetting preparations for use in dyeing; moistening [wetting] preparations for use in dyeing; wetting preparations for use in dyeing; moistening [wetting] preparations for use in the textile industry; wetting preparations for use in the textile industry; moistening [wetting] preparations for use in bleaching; wetting preparations for use in bleaching; fireproofing preparations; oxalates; oxalic acid; oleic acid; olivine [silicate mineral]; lead arsenate; lead acetate; lead oxide; water-softening preparations; bate for dressing skins; emollients for industrial purposes; organic digestate [fertilizer]; organic digestate [fertiliser]; basic gallate of bismuth; alkalies; bases [chemical preparations]; metal tempering preparations; coolants for vehicle engines; salts for colouring [coloring] metal; enamel-staining chemicals; acetic anhydride; oil-purifying chemicals; palladium chloride; pectin [photography]; pectin for industrial purposes; pectin for the food industry; percarbonates; persulfates; persulfuric acid; perchlorates; petroleum dispersants, picric acid; pyrogalllic acid; plastisols; plasticizers; plastics, unprocessed; dispersions of plastics; ferrotype plates [photography]; plutonium; surface-active chemical agents; acidulated water for recharging accumulators; acidulated water for

recharging batteries; fire extinguishing compositions; polymer resins, unprocessed; polonium; adjuvants, other than for medical or veterinary purposes; auxiliary fluids for use with abrasives; china slip; china clay; potash; potash water; soil for growing topsoil; praseodymium; flower preservatives; meat tenderizers for industrial purposes; vulcanizing preparations; renovating preparations for phonograph records; preparations of the distillation of wood alcohol; flashlight preparations; metal hardening preparations; must-fining preparations; coal saving preparations; fuel-saving preparations; foundry moulding preparations; foundry molding preparations; fertilizing preparations; fertilising preparations; currying preparations for skins; currying preparations for leather; metal annealing preparations; separating and unsticking [ungluing] preparations; ungluing preparations; unsticking and separating preparations; grease-removing preparations for use in manufacturing processes; wallpaper removing preparations; soil conditioning preparations; descaling preparations, other than for household purposes; purification preparations; degumming preparations; plant growth regulating preparations; preparations for preventing the tarnishing of lenses; preparations for preventing the tarnishing of glass; preparations for the separation of greases; fulling preparations; preparations for stimulating cooking for industrial purposes; animal carbon preparations; preparations of microorganisms, other than

for medical and veterinary use; anti-sprouting preparations for vegetables; preparations of trace elements for plants; brazing preparations; promethium; industrial chemicals; protactinium; protein [raw material]; proteins for use in the manufacture of food supplements; proteins for use in manufacture; proteins for the food industry; engine-decarbonising chemicals; tree cavity fillers [forestry]; radium for scientific purposes; radioactive elements for scientific purposes; radon; solutions for cyanotyping; silver salt solutions for silvering; solvents for varnishes; gum solvents; reagent paper, other than for medical or veterinary purposes; rare earths; rhenium; X-ray films, sensitized but not exposed; rubidium; soot for industrial or agricultural purposes; carbon black for industrial purposes; salicylic acid; samarium; self-toning paper [photography]; soap [metallic] for industrial purposes; sensitized paper; sensitized plates for offset printing; sensitized films, unexposed; sensitized photographic plates; sensitized cloth for photography; foundry binding substances; sebacic acid; selenium; salpetre; saltpeter; sulfuric ether; sulfurous acid; silicates; silicon; silicones; silicon carbide [raw material]; synthetic materials for absorbing oil; synthetic resins, unprocessed artificial resins, unprocessed; scandium; size for use in the textile industry; size for finishing and priming; mastic for leather; gums [adhesives] for industrial purposes; sumac for use in tanning; bicarbonate of soda for chemical purposes; caustic

soda for industrial purposes; salt for preserving, other than for foodstuffs; salt, raw; salts [fertilisers]; salts [fertilizers]; salts [chemical preparations]; salts for galvanic batteries; salts for galvanic cells; salts for industrial purposes; salts of alkaline metals; salts of precious metals for industrial purposes; gold salts; salts from rare earth metals; spirits of salt; brake fluid; silver nitrate; rubber preservatives; stem cells, other than for medical or veterinary purposes; stearic acid; fulling preparations for use in the textile industry; alum; by-products of the processing of cereals for industrial purposes; strontium; glaziers' putty; sulfates; sulfides; sulfonic acid; superphosphates [fertilisers]; superphosphates [fertilizers]; dry ice [carbon dioxide]; compositions for threading; sulfur; flowers of sulfur for chemical purposes; sulfuric acid; thallium; talc [magnesium silicate]; tannin-heavy water; tellurium; tensio-active agents; terbium; acetylene tetrachloride; tetrachlorides; carbon tetrachloride; technetium; water glass [soluble glass]; liquids for removing sulfates from accumulators; liquids for removing sulfates from batteries; power steering fluid; liquids for hydraulic circuits; thymol for industrial purposes; thiocarbanilide; titanite; titanium dioxide for industrial purposes; toluene; toluol; toning baths [photography]; toning salts [photography]; thorium; fertilizers; fertilisers; fish meal fertilizers; fish meal fertilisers; peat [fertiliser]; peat [fertilizer]; peat pots for horticulture; gum tragacanth for industrial purposes; transmission fluid;

transmission oil; thulium; uranium; uranium nitrate, uranium oxide; vulcanization accelerators; phenol for industrial purposes; ferments for chemical purposes; fermium; ferrocyanides; fixing baths [photography]; fixing solutions [photography]; chimney cleaners, chemical; filtering materials of mineral substances; filtering materials of unprocessed plastics; filtering materials of vegetable substances; filtering materials of chemical substances; filtering preparations for the beverages industry; flavonoids [phenolic compounds] for industrial purposes; flocculants; fluids for hydraulic circuits; fluorine; hydrofluoric acid; fluorspar compounds; soldering fluxes; brazing fluxes; foundry sand; mold-release preparations; mould-release preparations; phosphates [fertilisers]; phosphates [fertilizers]; phosphatides; phosphorus; phosphoric acid; photographic paper; photographic emulsions; photographic developers; photographic sensitizers; photometric paper; photosensitive plates; francium; chemical additives to fungicides; additives, chemical, to fungicides; paper pulp; helium; diazo paper; blueprint paper; blueprint cloth; hydrazine; hydrates; hydrochlorates; starch-liquifying chemicals [ungluing agents]; chemicals for use in forestry, except fungicides, herbicides, insecticides and parasiticides; horticultural chemicals, except fungicides, herbicides, insecticides and parasiticides; stain-preventing chemicals for use on fabrics; fat-bleaching chemicals; textile-

impregnating chemicals;
 glass-frosting chemicals;
 leather-renovating chemicals;
 textile-brightening chemicals;
 colour-brightening chemicals
 for industrial purposes;
 concrete-aeration chemicals;
 chemical preparations to
 prevent diseases affecting
 vine plants; chemicals for the
 manufacture of paints;
 chemicals for the manufacture
 of pigments; radiator flushing
 chemicals; soldering
 chemicals; anti-tarnishing
 chemicals for windows;
 condensation-preventing
 chemicals; chemicals, except
 pigments, for the manufacture
 of enamel; chemical
 condensation preparations;
 glass-staining chemicals;
 chemical preparations for use
 in photography; chemical
 substances for preserving
 foodstuffs; chemical
 substances for analyses in
 laboratories, other than for
 medical or veterinary
 purposes; chemical
 preparations for analyses in
 laboratories, other than for
 medical or veterinary
 purposes; chemical additives
 for oils; chemical additives to
 motor fuel; additives,
 chemical, to motor fuel;
 chemical additives to drilling
 muds; additives, chemical, to
 drilling muds; chemical
 coatings for ophthalmic
 lenses; chemical preparations
 for smoking meat; chemical
 preparations for scientific
 purposes, other than for
 medical or veterinary use;
 chemical preparations to
 prevent mildew; chemical
 preparations for decarbonising
 engines; chemical
 preparations to prevent wheat
 smut; chemical preparations
 to prevent wheat blight;
 chemical preparations for
 facilitating the alloying of
 metals; chemical reagents,

other than for medical or
 veterinary purposes; chemical
 intensifiers for rubber;
 chemical intensifiers for paper;
 hyposulfites; refrigerants;
 chlorine; chlorates; chlorides;
 carbolineum for the protection
 of plants; hydrochloric acid;
 cholic acid; holmium;
 hormones for hastening the
 ripening of fruit; chromates;
 chromium oxide; chromic
 acid; chrome salts; chromic
 salts; chrome alum; humus
 potting soil; humus top
 dressing; caesium; cellulose;
 cellulose esters for industrial
 purposes; cellulose ethers for
 industrial purposes; cerium;
 cyanides [prussiates]; cement
 [metallurgy]; cymene;
 zirconia; tea extracts for use
 in the manufacture of
 cosmetics; tea extracts for use
 in the manufacture of
 pharmaceuticals; tea extracts
 for the food industry; blood
 charcoal; gallnuts; slag
 [fertilisers]; slag [fertilizers];
 spinel [oxide mineral].

Class 41. Ticket agency services
 [entertainment]; academies
 [education]; presentation of
 variety shows; gymnastic
 instruction; discotheque
 services; providing online
 electronic publications, not
 downloadable; animal
 training; sign language
 interpretation; nursery
 schools; correspondence
 courses; recording studio
 services; zoological gardens
 services; publication of books;
 providing information in the
 field of education; providing
 information in the field of
 entertainment; providing
 information relating to
 recreational activities;
 calligraphy services; club
 services [entertainment or
 education]; music
 composition services;
 electronic desktop publishing;
 cultural, educational or

entertainment services provided by art galleries; microfilming; videotape editing; educational services; educational services provided by schools; instruction services; aikido instruction; sado instruction [tea ceremony instruction]; training services provided via simulators; dubbing; online publication of electronic books and journals; arranging and conducting of colloquiums; arranging and conducting of congresses; arranging and conducting of conferences; arranging and conducting of concerts; arranging and conducting of workshops [training]; arranging and conducting of seminars; arranging and conducting of in-person educational forums; arranging and conducting of symposiums; organization of balls; organization of exhibitions for cultural or educational purposes; organization of competitions [education or entertainment]; arranging of beauty contests; organization of lotteries; organization of cosplay entertainment events; organization of fashion shows for entertainment purposes; organization of shows [impresario services]; party planning [entertainment]; organization of sports competitions; orchestra services; providing casino facilities [gambling]; providing museum facilities [presentation, exhibitions]; providing sports facilities; providing golf facilities; providing recreation facilities; providing amusement arcade services; rental of lighting apparatus for theatrical sets or television studios; rental of audio equipment; rental of video cameras; rental of

camcorders; rental of videotapes; rental of video cassette recorders; rental of skin diving equipment; rental of indoor aquaria; rental of sound recordings; toy rental; rental of cinematographic apparatus; rental of motion pictures; games equipment rental; rental of artwork; rental of radio and television sets; rental of sports grounds; rental of sports equipment except vehicles; rental of stage scenery; rental of stadium facilities; rental of tennis courts; rental of show scenery; songwriting; screenplay writing; scriptwriting, other than for advertising purposes; writing of texts; mobile library services; bookmobile services; modelling for artists; practical training [demonstration]; translation; presentation of live performances; movie theatre presentations; providing online videos, not downloadable; providing online music, not downloadable; providing television programmes, not downloadable, via video-on-demand services; providing films, not downloadable, via video-on-demand services; teaching; educational examination; conducting fitness classes; conducting guided tours; conducting guided climbing tours; cinema presentations; production of music; production of radio and television programmes; film production, other than advertising films; vocational retraining; vocational guidance [education or training advice]; publication of texts, other than publicity texts; radio entertainment; entertainment services; karaoke services; booking of seats for shows; religious education; news reporters

	services; health club services [health and fitness training]; sport camp services; subtitling; theatre productions; television entertainment; layout services, other than for advertising purposes; entertainer services; disc jockey services; lending library services; movie studio services; personal trainer services [fitness training]; nightclub services [entertainment]; coaching [training]; amusement park services; game services provided online from a computer network; gambling services; tutoring; language interpreter services; boarding school education; physical education; photography; photographic reporting; timing of sports events; presentation of circus performances; production of shows.	computing; installation of computer software; interior design; meteorological information; cartography services; quality control; clinical trials; computer software consultancy; computer programming; conversion of data or documents from physical to electronic media; conversion of computer programs and data, other than physical conversion; information technology [IT] consultancy; computer technology consultancy; consultancy in the field of energy-saving; consultancy in the design and development of computer hardware; web site design consultancy; architectural consultancy; computer security consultancy; internet security consultancy; data security consultancy; weather forecasting; monitoring of computer systems for detecting unauthorized access or data breach; monitoring of computer systems to detect breakdowns; scientific research; providing search engines for the internet; updating of computer software; computer rental; rental of computer software; rental of web servers; unlocking of mobile phones; quality evaluation of wool; quality evaluation of standing timber; platform as a service [PaaS]; underwater exploration; maintenance of computer software; cloud seeding; providing information relating to computer technology and programming via a web site; providing scientific information, advice and consultancy relating to carbon offsetting; hosting computer sites [web sites]; duplication of computer programs; calibration [measuring];
Class 42.	Water analysis; computer system analysis; analysis for oil-field exploitation; bacteriological research; biological research; off-site data backup; recovery of computer data; design of interior decor; geological surveys; geological research; geological prospecting; urban planning; graphic arts design; handwriting analysis [graphology]; dress designing; packaging design; monitoring of computer systems by remote access; electronic monitoring of credit card activity to detect fraud via the internet; electronic monitoring of personally identifying information to detect identity theft via the internet; electronic data storage; energy auditing; land surveying; material testing; textile testing; oil-well testing; cosmetic research; mechanical research; research in the field of physics; engineering; cloud	

computer software design;
computer system design;
industrial design; research and
development of new products
for others; oil-field surveys;
conducting technical project
studies; research in the field
of environmental protection;
software development in the
framework of software
publishing; software as a
service [SaaS]; styling
[industrial design];
construction drafting; creating
and maintaining web sites for
others; creating and designing
website-based indexes of
information for others
[information technology
services]; server hosting;
technological research;
vehicle roadworthiness
testing; surveying; technical
writing; technological
consultancy;
telecommunications
technology consultancy; oil
prospecting; chemistry
services; computer virus
protection services; data
encryption services;
architectural services;
scientific laboratory services;
information technology
services provided on an
outsourcing basis;
authenticating works of art;
chemical analysis; chemical
research; digitization of
documents [scanning].

BULGARIAN ASSOCIATION FOR
PERSONALISED MEDICINE, Bacho Kiro Str. 45,
Oborishte region, BG-1202 Sofia, Bulgaria

Colour Claimed: Light green (PANTONE 317C)
and black (PANTONE Black C)
PANTONE is a registered
trademark; it is used for
reference to the PANTONE
color system., The word
element "BIOTECH" is in light
green color; the word element
"ATELIER" is in black color.

Application for Registration of marks published under Section 43(1) of the 1996 Act following acceptance

263710 In Journal No. 2424 of 11th November 2020 under the heading Application for Registration of marks published under Section 43(1) of the 1996 Act following acceptance of Trade Mark No. 263710 the specification of goods and services should have read as follows:

Class 42:
Design and development of computer hardware and software; computer services; application service provider (ASP) services; software as a service (SaaS) services; platform as a service (PaaS) services; providing online non-downloadable cloud computing software; providing temporary use of non-downloadable cloud computing software; providing online non-downloadable software enabling users to invest in digital currency, virtual currency, cryptocurrency, digital and blockchain

assets, digitized assets, digital tokens, crypto tokens and utility tokens; providing temporary use of non-downloadable software enabling users to invest in digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; providing information on distributed ledger technology via a website; providing consultancy in the field of distributed ledger technology; design, development and hosting of software for and on the basis of distributed ledger technology; software as a service [Saas] with software using distributed ledger technology; providing temporary use of non-downloadable distributed ledger technology software; providing online non-downloadable software for use in managing portfolios of digital currency, virtual currency, cryptocurrency, digital and blockchain asset, digitized asset, digital token, crypto token and utility token assets; providing temporary use of non-downloadable software for use in managing portfolios of digital currency, virtual currency, cryptocurrency, digital and blockchain asset, digitized asset, digital token, crypto token and utility token assets; providing online non-downloadable software which facilitates the ability of users to view, analyze, record, store, monitor, manage, trade and exchange digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; providing temporary use of non-downloadable software which facilitates the ability of users to view, analyze, record, store, monitor, manage, trade and exchange digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; providing online non-downloadable software for sending, receiving, accepting, buying, selling, storing, transmitting, trading and exchanging digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; providing temporary use of non-downloadable software for sending,

receiving, accepting, buying, selling, storing, transmitting, trading and exchanging digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; providing online non-downloadable software for implementing and recording financial transactions, for creating accounts and maintaining and managing information about financial transactions on distributed public ledgers and peer to peer payment networks; providing temporary use of non-downloadable software for implementing and recording financial transactions, for creating accounts and maintaining and managing information about financial transactions on distributed public ledgers and peer to peer payment networks; providing online non-downloadable software for processing electronic payments and for transferring funds to and from others; providing temporary use of non-downloadable software for processing electronic payments and for transferring funds to and from others; providing electronic financial platform software; providing online non-downloadable software for use as an application programming interface (API) for the development, testing, and integration of blockchain software applications; providing temporary use of non-downloadable software for use as an application programming interface (API) for the development, testing, and integration of blockchain software applications; providing online non-downloadable software for transfers of digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens between parties; providing temporary use of non-downloadable software for transfers of digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens between parties; providing online non-downloadable software for use in financial trading; providing temporary use of non-downloadable software for use in financial trading; providing online non-downloadable software for use in

financial exchange; providing temporary use of non-downloadable software for use in financial exchange; providing online non-downloadable software for use in accessing financial information and market data and trends; providing temporary use of non-downloadable software for use in accessing financial information and market data and trends; providing online non-downloadable software for settling financial transactions, for providing authentication of parties to a financial transaction, for maintaining ledgers for financial transactions; providing temporary use of non-downloadable software for settling financial transactions, for providing authentication of parties to a financial transaction, for maintaining ledgers for financial transactions; providing online non-downloadable software for the management of cryptographic security of electronic transmissions across computer networks; providing temporary use of non-downloadable software for the management of cryptographic security of electronic transmissions across computer networks; providing online non-downloadable software for use with digital currency; providing temporary use of non-downloadable software for use with digital currency; providing online non-downloadable software for use with cryptocurrency; providing temporary use of non-downloadable software for use with cryptocurrency; providing online non-downloadable software for use with virtual currency; providing temporary use of non-downloadable software for use with virtual currency; providing online non-downloadable software for use with digital currency wallet and storage services; providing temporary use of non-downloadable software for use with digital currency wallet and storage services; providing online non-downloadable software for digital currency payment and exchange transactions; providing temporary use of non-downloadable software for digital currency payment and exchange transactions; providing distributed ledger software for use in processing financial transactions; providing online non-downloadable software for electronic funds transfer; providing temporary use

of non-downloadable software for electronic funds transfer; providing online non-downloadable software for currency conversion; providing temporary use of non-downloadable software for currency conversion; providing online non-downloadable software for the collection and distribution of data; providing temporary use of non-downloadable software for the collection and distribution of data; providing online non-downloadable software for payment transactions; providing temporary use of non-downloadable software for payment transactions; providing online non-downloadable software for connecting computers to local databases and global computer networks; providing temporary use of non-downloadable software for connecting computers to local databases and global computer networks; providing online non-downloadable software for creating searchable databases of information and data; providing temporary use of non-downloadable software for creating searchable databases of information and data; providing online non-downloadable software for managing and validating digital currency, virtual currency, cryptocurrency, digital asset, blockchain asset, digitized asset, digital token, crypto token and utility token transactions; providing temporary use of non-downloadable software for managing and validating digital currency, virtual currency, cryptocurrency, digital asset, blockchain asset, digitized asset, digital token, crypto token and utility token transactions; providing online non-downloadable software for creating and managing smart contracts; providing temporary use of non-downloadable software for creating and managing smart contracts; providing online non-downloadable software for managing payment and exchange transactions; providing temporary use of non-downloadable software for managing payment and exchange transactions; providing online non-downloadable software for electronically exchanging currency for digital currency, virtual currency, cryptocurrency, digital and

blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; providing temporary use of non-downloadable software for electronically exchanging currency for digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; providing online non-downloadable software for use in enabling the electronic transfer of funds to and from others; providing temporary use of non-downloadable software for use in enabling the electronic transfer of funds to and from others; providing online non-downloadable software for creating a decentralized and open source digital currency for use in blockchain-based transactions; providing temporary use of non-downloadable software for creating a decentralized and open source digital currency for use in blockchain-based transactions; providing online non-downloadable software for creating a decentralized and open source virtual currency for use in blockchain-based transactions; providing temporary use of non-downloadable software for creating a decentralized and open source virtual currency for use in blockchain-based transactions; providing online non-downloadable software for creating a decentralized and open source cryptocurrency for use in blockchain-based transactions; providing temporary use of non-downloadable software for creating a decentralized and open source cryptocurrency for use in blockchain-based transactions; providing online non-downloadable software for creating a decentralized and open source digitized asset for use in blockchain-based transactions; providing temporary use of non-downloadable software for creating a decentralized and open source digitized asset for use in blockchain-based transactions; providing online non-downloadable software for creating a decentralized and open source digital token for use in blockchain-based transactions; providing temporary use of non-downloadable software for creating a decentralized and open source digital token for use in blockchain-based transactions; providing online non-downloadable software for encrypting

and enabling secure transmission of digital information over the Internet, as well as over other modes of communication between computing devices; providing temporary use of non-downloadable software for encrypting and enabling secure transmission of digital information over the Internet, as well as over other modes of communication between computing devices; providing online non-downloadable software for allowing users to calculate parameters related to financial transactions; providing temporary use of non-downloadable software for allowing users to calculate parameters related to financial transactions; design, development and hosting of distributed ledger platform software for use in processing financial transactions; providing temporary use of non-downloadable distributed ledger platform software for use in processing financial transactions; providing online non-downloadable software for electronic funds transfer and currency conversion; providing temporary use of non-downloadable software for electronic funds transfer and currency conversion; providing online non-downloadable software for use in securely managing the conversion of digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens into hard currency; providing temporary use of non-downloadable software for use in securely managing the conversion of digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens into hard currency; provision of access to a web portal featuring blogs and non-downloadable publications in the nature of articles, columns and informational guides in the field of virtual currencies, digital and blockchain assets and market and trading trends; design, development and hosting of a web portal featuring blogs and non-downloadable publications in the nature of articles, columns and informational guides in the field of virtual currencies, digital and blockchain assets and market and trading

trends; provision of access to a web portal for users to access information in the field of virtual currency, digital and block chain assets; design, development and hosting of a web portal for users to access information in the field of virtual currency, digital and block chain assets; platform as a service (PaaS) featuring computer software platforms for the selling and purchasing digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; software as a service (SaaS) featuring computer software platforms for the selling and purchasing digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; computer services, namely, creating an on-line virtual environment for the selling and purchasing of digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; platform as a service (PaaS) featuring computer software platforms for managing blockchain and token driven, distributed storage computer systems; software as a service (SaaS) featuring computer software platforms for managing blockchain and token driven, distributed storage computer systems; computer services, namely, providing a decentralized electronic file storage system and open source cloud storage platform; computer services, namely, providing a decentralized electronic object storage platform for end-to-end encrypted and powered by blockchain and blockchain payments; computer services, namely, providing secure, private encrypted cloud storage services; computer services, namely, providing electronic peer-to-peer data storage distributed across unused customer electronic storage resources; computer services, namely, providing open source decentralized cloud storage platform; data encryption services featuring blockchain software technology and peer-to-peer protocols to provide secure, private, and encrypted cloud storage; distributed, electronic storage of

electronic media, namely, data, documents, files, text, photos, images, graphics, music, audio, video, and multimedia content; providing online non-downloadable software for use as a cryptocurrency wallet; providing temporary use of non-downloadable software for use as a cryptocurrency wallet; providing online non-downloadable software for democratically managing digital exchanges for virtual items through smart contracts; providing temporary use of non-downloadable software for democratically managing digital exchanges for virtual items through smart contracts; data mining; providing online non-downloadable software for use in trading, clearing, transmitting, receiving, storing, confirmation, and financial trading risk management for exchange market transactions in the fields of digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; providing temporary use of non-downloadable software for use in trading, clearing, transmitting, receiving, storing, confirmation, and financial trading risk management for exchange market transactions in the fields of digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; platform as a service (PaaS) featuring software platforms for authenticating, facilitating, matching, processing, clearing, storing, receiving, tracking, transferring, and submitting trade data, exchanging of trading transaction details, and management of the overall trading lifecycle; software as a service (SaaS) featuring software platforms for authenticating, facilitating, matching, processing, clearing, storing, receiving, tracking, transferring, and submitting trade data, exchanging of trading transaction details, and management of the overall trading lifecycle; providing online non-downloadable software for use with blockchain technology; providing temporary use of non-downloadable software for use with blockchain technology; software as a

service (SaaS) services featuring software for clearing, allocation, compliance, recordation and settlement of trading related to digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; platform as a service (PaaS) services featuring software for clearing, allocation, compliance, recordation and settlement of trading related to digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; platform as a service (PaaS) featuring software platforms for facilitating transactions and payments using digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens that allow users to buy from, and sell products and services to others; software as a service (SaaS) featuring software platforms for facilitating transactions and payments using digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens that allow users to buy from, and sell products and services to others; blockchain-based software platforms and distributed computing software platforms for auditing and verifying digital information and codes; design, development and implementation of audit and security software for blockchain-based platforms; providing online non-downloadable software for use in facilitating secure transactions; providing temporary use of non-downloadable software for use in facilitating secure transactions; providing online non-downloadable software for auditing digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; providing temporary use of non-downloadable software for auditing digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; design, development and hosting of software platforms for decentralized blockchain

style communication; temporary use of non-downloadable software platforms for decentralized blockchain style communication; platform as a service (PaaS) featuring software platforms for the tracking and support of data transactions; providing temporary use of non-downloadable software platforms for the tracking and support of data transactions; design, development, and implementation of software for distributed computing platforms; design, development, and implementation of software for blockchain; design, development, and implementation of software solutions for digital currency security; design, development, and implementation of software for digital currency, virtual currency, cryptocurrency, digital and blockchain asset, digitized asset, digital token, crypto token and utility token wallets; design, development, and implementation of software for third-party verification services for digital currency transactions, including but not limited to transactions involving bitcoin currency; providing temporary use of non-downloadable software for use in collecting, transferring, receiving, tracking, storing and transferring bitcoin; providing online non-downloadable software for use in collecting, transferring, receiving, tracking, storing and transferring peer-to-peer currency; providing temporary use of non-downloadable software for use in collecting, transferring, receiving, tracking, storing and transferring peer-to-peer currency; providing online non-downloadable software for users to buy and sell products by using digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; providing temporary use of non-downloadable software for users to buy and sell products by using digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; providing temporary use of non-downloadable software platforms for facilitating transactions and payments

using digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitised assets, digital tokens, crypto tokens or utility tokens that allow users to buy from, and sell products and services to others; providing online non-downloadable software for use in accessing, reading, tracking, and using blockchain technology; providing temporary use of non-downloadable software for use in accessing, reading, tracking, and using blockchain technology; technical consultancy services related to digital currency, virtual currency, cryptocurrency, digital and blockchain asset, digitized asset, digital token, crypto token and utility token transactions; platform as a service (PaaS) featuring computer software platforms for computer system and application development, deployment, and management; software as a service (SaaS) featuring computer software platforms for computer system and application development, deployment, and management; providing online non-downloadable software enabling users to develop, build and run distributed applications through an open-source peer-to-peer smart-contract and payment network platform; providing temporary use of non-downloadable software enabling users to develop, build and run distributed applications through an open-source peer-to-peer smart-contract and payment network platform; providing temporary use of online applications and software tools for cloud based computer network identification verification, authentication and management for security purposes; design, development, and hosting of software applications for cloud based computer network identification verification, authentication and management for security purposes; secure hosted management, storage and administration of passwords, credentials and identity information relating to persons, accounts and devices for security purposes; providing authentication software for controlling access to and communications with computers and computer networks; providing online non-downloadable software for use in the exchange of virtual items; providing temporary use of

non-downloadable software for use in the exchange of virtual items; providing online non-downloadable software for selling, trading and managing blockchain-based tokens or appcoins; providing temporary use of non-downloadable software for selling, trading and managing blockchain-based tokens or appcoins; providing non-downloadable software for a digital exchange; providing technological services to supply digital exchange services and digital currency exchange services; Providing a digital exchange, namely, providing websites that features technology that enables the exchange of information, data related to digital currency, virtual currency, cryptocurrency, digital and blockchain asset, digitized asset, digital token, crypto token and utility tokens (MX); providing temporary use of on-line non-downloadable software for use in the exchange of virtual items through creating, selling, trading and managing blockchain-based tokens and virtual currency for use with a digital exchange; providing temporary use of on-line non-downloadable software for democratically managing digital exchanges for virtual items through smart contracts and distributed ledger technology on digital exchange proposals; providing a digital exchange via a website that features technology that enables the secure exchange of information by users; providing online non-downloadable software for use in issuing digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; providing temporary use of non-downloadable software for use in issuing digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; providing online non-downloadable software for managing digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized asset, digital token, crypto token and utility token payments, money transfers, and commodity transfers; providing temporary use of non-downloadable

software for managing digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized asset, digital token, crypto token and utility token payments, money transfers, and commodity transfers; providing online non-downloadable software for facilitating money transfers, electronic funds transfers, commodity transfers, bill payment remittance, and transferring funds between parties; providing temporary use of non-downloadable software for facilitating money transfers, electronic funds transfers, commodity transfers, bill payment remittance, and transferring funds between parties.

**Application for Registration of marks published
under Section 43(1) of the 1996 Act following
Acceptance**

264122 In Journal Number 2430, of 3rd February 2021, under the heading Application for Registration of marks published under Section 43(1) of the 1996 Act following Acceptance, the list of goods under the Class 5 heading for trade mark application number 264122 should have read as follows:

Class 5

Contact lens solutions, contact lens cleaning, rinsing or neutralising solutions and tablets, saline solutions; preparations for cleaning spectacles and sunglasses, cloths impregnated with preparations for cleaning spectacles and sunglasses, eyewash and eye sprays, preparations for treating dry eyes, eye drops; eye moisturisers and ointments for medical use; ocular vitamins; eye patches; eye care preparations for medical use; pharmaceuticals for treatment of eye disorders; medicated preparations for the care of the eyes, skin and face; vitamins for care of the eyes; vitamins for care of the skin and face; skincare preparations (medicated); eye masks and eye patches impregnated with medicated preparations; face masks impregnated with medicated preparations.
