Applications for Patents

From 18/10/2024 to 31/10/2024

The names of applicants are in alphabetical order. In the case of joint applicants, each name is given independently. The title of the invention should not be regarded as an exhaustive indication of the subject-matter. The date immediately following the title is that on which the application was filed; in the case of a divisional application, the filing date of the earlier application is added within parentheses. Where an application has been filed pursuant to Section 127A, the filing date shall be either the date of the originating PCT filing, where applicable, or the date directed by the Controller. Where the application invokes the Paris Convention, the Convention country and priority date(s) claimed are given in square brackets. Where an application claimed the priority of an earlier application filed at this Office, this information is given within the square brackets. The number is that of the application and should be used for correspondence purposes up to the date of grant of a patent. The letter S preceding the number indicates that the application is for a short-term patent. A new number will be given when a patent is granted and this new number should be quoted in all correspondence subsequent to grant.

Applications Published Under Section 28

The following applications become open to public inspection as from the date of this issue of the journal unless otherwise specified. The date given is the date of filing of the application or the earliest priority claimed. Any application made pursuant to Section 127A, where the originating PCT application has been published under that PCT in English, is accorded the PCT publication date of that application. For these Section 127A applications, the publication date is given in bold square brackets.

Patents Granted Under Section 34

The number of a patent is given in heavy type; the letter S preceding the number indicates a short-term patent. The code numbers following the title of each invention are those of the International Patent Classification. The date of filing the application follows the proprietor's name. The patent application number, which follows the date of application in parenthesis, has been superseded by the patent number. In the case of an application claiming the priority of an earlier application, the name of the country where the earlier application was made and the date of the earlier application are shown in square brackets.

By virtue of Section 65(3), the application relating to any short-term patent appearing in the following list whose date of filing is later than the date which is 18 months prior to the date of this issue of the Journal becomes open to public inspection as and from the date of this issue of the Journal.

- 87552** Pre-cast Concrete Burial Structures & efficient management of surface water in Grave yards. Int. Cl. (2024.01) **E04H 13/00; E04B 1/00**. JAMES MULCHRONE 25 April 2023 (20230134)

Patents Granted Under European Patent Convention Designating Ireland

The Irish serial number appears first followed, respectively, by the proprietor's name, the date of filing of the application, the filing number and the European Patent Office publication number.

If the specification of the European patent was published in French or German the word 'French' or 'German', as appropriate, will appear as the last item of information.

Iris um Oifig Maoine Intleachtúla na hÉireann
Journal of the Intellectual Property Office of Ireland

Cuid II
Trádmharcanna

No. 2529**Wednesday, 20 November, 2024**

NOTE: *The office does not guarantee the accuracy of its publications nor undertake any responsibility for errors or omissions or their consequences.*

In this Part of the Journal, unless the context otherwise requires, a reference to the 1963 Act means the Trade Marks Act, 1963, a reference to the 1963 Rules means the Trade Marks Rules, 1963, a reference to the 1996 Act means the Trade Marks Act, 1996 and a reference to the 1996 Rules means the Trade Marks Rules, 1996.

Application for Registration of marks published under Section 43(1) of the 1996 Act following acceptance

Notice is hereby given that Applications for the Registration of the undermentioned trade marks have been accepted.

Any person who desires to oppose the registration of these trade marks may within three months from the date of this Journal give notice to the Controller, in accordance with the provisions of Rule 18.

It should be noted that under the provisions of Rule 63(2) no extension of the opposition period is allowed for lodging opposition under Rule 18.

It is desirable before lodging formal opposition that a communication should be addressed to the Applicant affording him an opportunity to withdraw his application for registration. In this way cost of opposition proceedings may be avoided.

International Registrations under the Madrid Protocol seeking protection in the State.

Any person desiring to oppose the conferring of protection in the State to the undermentioned marks may, within three months from the date of this Journal give notice to the Controller, in accordance with the provisions of Rule 18.

It should be noted that under the provisions of Rule 63(2) no extension of the opposition period is allowed for lodging opposition under Rule 18.

It is desirable before lodging formal opposition that a communication should be addressed to the holder affording him an opportunity to withdraw his application for protection of the International Registration in the State. In this way cost of opposition proceedings may be avoided.

Class 36. Financial services relating to buying and trading of commodities; securities and commodities trading services; securities trading services; financial advisory services relating to securities, derivatives and other financial products; financial transaction services by electronic means; financial services provided by telephone; securities and commodities transaction services; securities brokerage and trading services; foreign currency exchange services; securities brokerage services;

foreign exchange brokerage services; stocks and bonds brokerage services; commodity exchange services; commodity trading [financial services]; foreign currency brokerage services; brokerage services; brokerage of currency; currency brokerage; brokerage of securities and currencies; currency brokerage services; brokerage of commodities; exchange brokerage; brokerage of stocks; brokerage of financial derivatives; brokerage of securities; foreign exchange brokerage; brokerage of stocks and bonds; commodity brokerage; brokerage of shares; brokerage of bonds and other securities; brokerage in the field of stocks; exchange brokerage services; securities brokerage; securities and commodities brokerage; brokerage of shares and other securities; investment brokerage; securities brokerage and transaction services; stocks brokerage; brokerage of debentures; brokerage services for stocks; brokerage services for stocks and bonds; stocks and bonds brokerage; currency exchange; foreign currency exchange; currency exchange services; trading of securities and bonds; trading in securities and bonds; securities options trading; trading in foreign currency; trading of financial derivatives; trading in securities; foreign currency trading; securities trading; foreign exchange transactions; financial services; financial investment services; financial trading services; financial transaction services; financial securities exchange services; financial services and consultancy relating thereto; financial services relating to

investment securities;
 investment services relating to securities; financial trading;
 financial exchange services;
 financial brokerage services;
 financial investment brokerage services; financial securities brokerage services;
 financial brokerage; brokerage of financial investments;
 financial investment brokerage; financial securities brokerage; financial exchange; provision of financial information;
 provision of information on securities trading; provision of investment information;
 provision of financial information via a web site;
 provision of information on trading in securities; provision of information relating to securities trading; provision of financial information via a website; provision of information relating to the trading of securities; provision of information and data concerning stock exchanges;
 provision of stock market information; providing financial information on-line; providing financial information; financial information; providing information relating to brokerage of securities;
 providing information relating to brokerage of securities options; providing information relating to securities underwriting;
 providing financial information via a web site;
 providing information relating to securities trading;
 providing online information relating to financial, banking, insurance and investment services; providing information relating to securities brokerage;
 providing information relating to the trading of securities options; providing financial information online; providing

information relating to finance and investment via electronic means; providing information relating to the trading of securities; providing financial information via a website; financial transaction and payment services.

Priority Date Claimed: 09 July 2024 Australia

ZERO FINANCIAL PTY LTD, SE 303, 10 Bridge St, Sydney NSW 2000, Australia

Representative: Spectre Linkers, L 16, 175 Pitt St, Sydney NSW 2000, Australia

MIMCHIK

1814403 18/08/2024

Class 25. Coats; dresses; footwear; jeans; pants; shoes; shorts; skirts; sweaters; sweatpants; sweatshirts; footwear for men; footwear for women; women's clothing, namely, shirts, dresses, skirts, blouses; athletic footwear; athletic pants; athletic sweaters; bottoms as clothing for men; denim jackets; denim jeans; denim skirts; down jackets; gym pants; hooded sweatshirts; knit jackets; leather coats; leather pants; leather skirts; motorcycle jackets; outer jackets; pleated skirts; rain jackets; ski jackets; sports jackets; suede jackets; tops as clothing for men; tube skirts; turtleneck sweaters; V-neck sweaters; woven skirts.

Mimchik LLC, 8328 Marmont Lane, Los Angeles CA 90069, United States of America

Representative: Ali R. Latifi Tucker & Latifi, LLP, 160 East 84th Street, Suite 5E, New York NY 10028, United States of America

Genshin Impact

1652156 21/06/2024

Class 28. Machines for physical exercises; boxing gloves; swimming pools [play articles]; gym balls for yoga; action figure toys; ornaments for christmas trees, except lights, candles and confectionery; playing cards; playing balls; fishing tackle; arcade video game machines; portable games with liquid crystal displays; apparatus for games; scratch cards for playing lottery games; stuffed toys; parlor games; games; toys; toy figures; toy models.

miHoYo Co., Ltd., Room 1104-6, Building 1, No. 100, Qinzhou Road, Xuhui District, Shanghai, China

Representative: Unitalen Attorneys At Law, Room 30703, 7th Floor, Scitech Place, No.22 Jian Guo Men Wai Ave., Chaoyang District, 100004 Beijing, China

Address for service: Anne Ryan & Co, 2 Crofton Terrace, Dun Laoghaire, Co. Dublin, A96 V6P7, Ireland

Cancellations effected for the following goods/services under the Madrid protocol

0835630 A ARMANI / DOLCI
Goods/Services remaining:
Class 29.
Meat, fish, poultry and game; meat extracts; preserved, dried and cooked fruit and vegetables; jellies, jams, compotes; eggs, milk and dairy products; edible oils and fats.
Class 30.

Coffee, tea, cocoa, sugar, rice, tapioca, sago, artificial coffee; flours and preparations made from cereals, bread, pastry and confectionery, ices; honey, treacle; yeast, baking powder; salt, mustard; vinegar, sauces (condiments); spices, ice for refreshment.

Date of Recordal of Cancellation:

Goods/Services remaining:

Class 01.

Chemicals for the treatment of water and liquid and/or solid waste, namely flocculants, coagulants, polyelectrolytes, reagents; chemical products and additives for water conditioning, namely biocides, organic detergents, anti-corrosive products, softeners, chemical agents for conditioning boiler water, metal tanks, heating installations and equipment, equipment and installations for cooling and refrigerating, water supply equipment, thermal condensers and other installations with piping and duct systems; organic amendments, from the processing and purification of water and liquid waste, for fertilizing soils; compost and growing media obtained from treatments carried out in treatment stations for liquid and solid waste and/or in purification plants for urban or industrial waste water; oxidizing products for purifying, disinfecting and sterilizing liquids, especially for water treatment and for preserving foodstuffs; chemical products used in industry or for use in industrial manufacturing processes.

Class 07.

Machines for water treatment, pumps, valves and other machines for storage and distribution of water for household purposes such as drinking water, waste water, rainwater, garden water; machines for spraying, bottling; machines and installations for physical-chemical or biological processing, centrifuging, pressing and spreading of liquid, semi-liquid and solid waste, especially from sludge from water treatment; machines for drying waste and purification sludge; machines for automatic sorting of waste, especially of household

packaging waste; packing and unpacking machines for waste; waste vacuum cleaners.

Class 09.

Apparatus for dosing chemicals, chemical-physical and biological reagents; programmable automatons for measuring, tracking and monitoring water quality parameters, software for the analysis and monitoring of water and waste quality parameters; measuring and monitoring apparatus and instruments applied to the distribution and treatment of water; measuring and monitoring apparatus and instruments applied to the consumption of energy and fluids; mechanical, electronic, magnetic and/or optical data carriers for recording and measuring fluids such as water, gas and electricity with a view to ensuring their supply and monitoring consumption; programmable computer apparatus and installations for remote surveillance, remote management, remote control, using the self-switched network, specialized lines or microwave radio links for monitoring installations involved in the treatment, supply and collection of drinking, industrial and waste water; apparatus and installations for telemetry, remote management, remote control, using the self-switched network of specialized lines or microwave radio links for measuring and monitoring fluids such as water, gas and electricity with a view to ensuring their supply and monitoring consumption; monitoring software for networks for the supply and collection of waste and drinking water; software for management and analysis of energy and fluid consumption (recorded programs); computer hardware for simulating the operation of stations for drinkable water treatment or purification of industrial and municipal water; computer equipment, software, databases and computers for controlling, regulating, modeling and management of purification and rendering drinkable stations; scientific apparatus and instruments (not for medical purposes) for programs optimizing of carbon dioxide in

connection with the operation of water treatment plant, water management, collection and processing of waste, and air treatment; components for the aforementioned apparatus; electric apparatus for monitoring and quality control for sea water; apparatus and instruments for chemical and bacteriological analysis (for non-medical use); software for generating water pricing; measuring and checking apparatus enabling connections and tanks for water storage.

Class 11.

Installations for producing steam, for producing electricity and for incinerating waste; apparatus and installations for treating and supplying water or liquid; apparatus and equipment for clarification, physical, physical-chemical filtration, softening, deionization and demineralization on ion exchangers for water or liquids; accessories and equipment for treating water or liquids on membranes (ultra filtration, nano-filtration and hyper-filtration or reverse osmosis); cartridge filters of metal or textile, filters for sand, active carbon or any other granular material; installations for iron removal, demanganisation and biological elimination of nitrates from water; apparatus and installations for disinfecting and sterilizing liquid and gaseous fluids by ultraviolet rays and other radiation; installations for the treatment of plant and/or animal organic matter, of urban or industrial origin (in particular waste from green spaces, sludge from treatment plants for sewage and solid and liquid waste and/or household or industrial waste water treatment plants); hot water heating installations, installations for sea water desalination, apparatus and installations for the treatment of water and effluent from the chemical and food processing industry, apparatus and installations for the treatment and reusing of waste; apparatus for steam generation, crystallisation, distillation, drying, heat exchangers, air heaters, air dryers, hot air apparatus; apparatus and installations for the treatment and reclamation of industrial, household, hospital and special waste; apparatus for treating water or liquids, namely,

decanter, sterilizers, carbonators, coalescer apparatus, mixers; apparatus for treating air, namely, deodorising, purifying; fixed or mobile equipment and installations for the treatment of water and the treatment of waste; water filtering machines, particularly by membranes, bioreactors, ion exchangers, mixers; machines for injecting physical or chemical reagents for the treatment of waste or water; machines, apparatus and devices for water supply; machines for irrigation, mobile or fixed machines for water treatment and for processing of waste; electric apparatus and instruments for generating ozone from gases such as air or oxygen.

Class 37.

Repair and maintenance of apparatus for treating liquids and fluids; upkeep and maintenance of sewerage networks, restoration of aqueducts or water distribution pipes, construction of sanitation works, wastewater collectors, rainwater decontamination works, flood prevention works, pumping station renovation services, work to existing structures to improve the security and the quality of the water supply, construction of water treatment plants (for drinking water, urban and industrial wastewater, rainwater); services for installing water pipes and building water treatment plants, drilling of wells, construction, installation and repair of irrigation devices; maintenance and renovation of buildings, rehabilitation of sites, buildings, warehouses, land development services; restoration and rehabilitation of degraded sites (cleaning and reconstruction); upkeep or cleaning of buildings, premises, floors (facade cleaning); disinfection, rat extermination, insect eradication; cleaning of structures, urban structures, works of art, underground works, road equipment, sites, industrial premises (exterior surfaces and cleaning), cleaning of water pipes, of industrial installations, high-pressure cleaning of underground works, road network cleaning services; upkeep and maintenance of buildings, roads, urban equipment; repair and maintenance of installations, apparatus, centers and

units for storing waste and refuse, and of centers, installations, apparatus and units for recycling, processing, recovering and destroying waste and refuse; construction of installations, centers and units for storing waste and refuse, and of centers, installations and units for recycling, processing, recovering and destroying waste and refuse; maintenance and renovation of industrial and urban sewerage systems; rehabilitation of industrial and urban sanitation systems.

Class 38.

Telecommunications; information on telecommunication; communications by computer terminals or by fiber-optic networks; communications by radio or telephone; electronic bulletin board services (telecommunication services); connection by telecommunications to a global computer network; rental of telecommunication apparatus; teleconferencing services; electronic messaging services; rental of access time to global computer networks; radio communications between flow meters and a central receiver that transmits information to a database; transmission of consumption, monitoring, tracking and pricing information via radio from meters to a central database; communication by computer terminals; provision of access to databases in the field of care services waste management; distribution (transmission) of information and alerts in the field of public safety.

Class 39.

Water supplying, water distribution, collection of urban or industrial wastewater, of sludge; collection, transport, sorting, disposal and storage of useful materials or of urban waste, industrial and radioactive waste, solid or liquid waste, industrial fats and office papers; collection, transport, grouping, sorting, identification, processing and reconditioning (storage) of all kinds of waste, and in particular urban, household, industrial, ordinary and special industrial, hospital, agricultural, horticultural, forestry, hazardous, solid and liquid waste; disposal and storage of useful

materials, waste, perishable or hazardous products; storage of waste in landfills; transport, packing and storage of fertilizers, organic amendments, compost and growing media; information services relating to the management of the collection, transport of healthcare activity waste. Class 40.

Processing and transformation of waste generated by households, public or private communities and enterprises, ordinary, special, solid, liquid, hazardous waste and related information; waste purification and regeneration services; waste and refuse recycling services, waste and refuse composting services; recycling (processing of materials) of industrial, household, hospital, special, ordinary waste, from local authorities, companies (public or private), biological and energy recovery services for waste and refuse (processing of materials); ground clean-up services; degraded soil and site rehabilitation services (decontamination); destruction of waste and refuse, incineration of waste and refuse, disposal of industrial toxic waste, of industrial, household, hospital, ordinary, special and non-toxic waste; water treatment services, water treatment services by introducing reagents, in particular in waters for human or animal consumption and in waters for industrial use, services for the sanitation and treatment of industrial wastewaters, water production services; treatment of materials, namely residue and waste from water treatment; processing of agricultural goods from plants or animals to develop fertilizers, compost and growing media; waste and trash cleaning services, information services related to the treatment of waste management of care services.

Class 42.

Monitoring of water quality, scientific and industrial research relating to environmental protection, laboratory research services in the fields of water, treatment and purification of water, chemical analysis, chemical research, professional consultancy, technical

project studies, engineering and engineering works (not for building) in the fields of water and water treatment, expert appraisals in the field of water and effluent treatment, laboratory research services in the field of treatment of industrial waste, household, hospital and special waste, sludge, ash waste, recovery of industrial, household, hospital and special waste, bacteriology research services, expert appraisals in the field of industrial, household, hospital and special waste, and of sludge and ash from both urban and industrial plants, computer programming, computer services, namely the design, development and updating of software and software packages, technical consulting and advice in the field of research and development in the field of new products in computing, computer rental, the design of computer and telecommunication systems, scientific and industrial research services for developing and evaluating the performance of processes and products for physicochemical water treatment; scientific and technical studies for developing and evaluating the operational performance of installations for treating drinking or industrial water, for processing wastewater, household or industrial wastewater, as well as for treating physicochemical or biological fluids and sludges; technical auditing (engineering services) relating to these processes and equipment and to all other treatments of fluids, including in the field of industrial processes; technical research center services in the fields of collection, transport, treatment, cleaning, storage, sanitation, recovery and disposal of waste and refuse; engineering services in the field of waste and refuse; scientific and industrial research relating to environmental protection for the collection, transport, treatment, cleaning, storage and recovery of waste and refuse; engineering services, technical project studies, engineering work in the fields of design and construction of industrial and urban centers and units for the collection,

sorting, storage, treatment, recovery and disposal of waste and refuse; prevention of air, water and sound pollution; consultation on environmental protection, urban planning, industrialization and natural resource development, information on research in the field of environmental protection, studies (engineering work) on the economic, social and environmental implications of urban planning operations, industrialization and use or development of natural resources, in particular water; soil tests, agricultural, horticultural, wine growing, arboricultural and silvicultural engineering; quality control of water, air and soil; engineering services in the field of industrial information systems (automatic control, control, centralized technical management and control, decision-making systems, management systems for operating data); technical project studies, analyses, evaluations, estimates, research, technical consultation in the technology, maritime, offshore, port, energy fields as well as sustainable development, the environment, climate, weather, the management of household and industrial waste, water, flood control, hydrogeology, wet area management, public transport, telecommunications, civil engineering and urban engineering; certification and compliance of these services for quality assurance, namely quality control services.

Date of Recordal of Cancellation:
